NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: National Telecommunications Council

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], other:

4. Products covered (HS or CCCN where applicable, otherwise national tariff heading):

   Telecommunications terminal equipment

5. Title: Rules and Regulations of the National Telecommunications Council (STN) Concerning the Technical Design of Telephone Sets with a Switching Function.

6. Description of content: Telephone sets with a switching function may be connected to the public telecommunications network if they fulfil the technical requirements set forth in the following Standards:

   - Swedish Standards (SS).
   - EN 41 003 regarding mains power
   - 447 20 22 Class B regarding radio interference (corresponds to CISRPR 22 with a Swedish deviation).
   - Televerkets's Standard (TVT-Standard):
     - 8211-A 128 REV A 1988

   SS is issued by the Swedish Standards Institute.
   TVT-Standard is issued by Televerket (Swedish Telecom).

   Equipment that meets the requirements according to the previous statute (STNFS 1989:6) may be connected to the public telecommunications network if it has been registered before the end of 1992.

7. Objective and rationale: Protection of the public telecommunications network.
