The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: National Telecommunications Council

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], other:

4. Products covered (HS or CCCN where applicable, otherwise national tariff heading):

   Telecommunication terminal equipment

5. Title: Rules and Regulations of the National Telecommunications Council (STN) Concerning the Technical Design of Equipment to be Connected to Televerket's Data Connection Equipment (DCE) for Baseband Technic in the Public Telecommunications Network

6. Description of content: Equipment to be connected to DCE in Televerket's (Swedish Telecom) baseband technic service for serial data transmission at the maximum rate of 64 Kbit/s may be connected to the public telecommunications network if it fulfills the technical requirements set forth in the following standards:

   **Swedish Standards (SS):**
   - EN 60 950 regarding mains power
   - 447 20 22 Class B regarding radio interference (corresponds to CISPR 22 with a Swedish deviation).

   **Televerket's Standard (TVT Standard):**
   - 8211-A 105 Rev. C

   **TVT-Standard is issued by Televerket (Swedish Telecom).**

   Equipment that meets the requirements according to the previous Statute (STNFS 1991:1) may be connected to the public telecommunications network if it has been registered before the end of 1992.

7. Objective and rationale: Protection of the public telecommunications network

9. Proposed date of adoption and entry into force: Entry into force: 1 April 1992

10. Final date for comments: 6 March 1992
