The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: **SWEDEN**

2. Agency responsible: National Inspectorate of Explosives and Flammables

3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], other:

4. Products covered (HS or CCCN where applicable, otherwise national tariff heading):
   - Containers with flammable goods

5. Title: Regulations of the National Inspectorate of Explosives and Flammables on the Marking of Containers with Flammables

6. Description of content: Concerns amendments and editorial revisions to prior regulations on marking (SÄIFS 1989:7).

   1. As an adaptation to EC's Directive 90/35/EEC "child-resistant fastenings and a tactile warning of danger" new requirements have been introduced on tactile marking during transfer to consumer of packagings with danger symbol F and main text "mycket brandfarligt".

   2. In the Ordinance (of the above) the Inspectorate is authorized to declare even other goods than flammable gases and liquids as flammables. With the present proposal the regulations on marking will be extended to include even such other goods. The goods in question are flammable solid substances, substances liable to spontaneous combustion, energetic substances, substances that develop flammable gas in contact with water, oxidizing substances and organic peroxides.

7. Objective and rationale: Protection of safety and health

9. Proposed date of adoption and entry into force:

<table>
