1. New Article 11 A was referred by the Joint Sub-Committee of Committees II and VI to Working Party No. 3 at the twentieth meeting held 19 January, "to examine and make recommendations concerning the incorporation of any ideas which might be appropriate either in the existing Articles or in the resolution". (E/CONF.2/C.2&6/A/W.23).

2. After discussing the question with the delegate of Chile the Working Party recommends that the following changes* should be made.

The Chilean delegate agreed to the changes.

Article 10, paragraph 1

In order to amplify the obligations of Members to assist development in under-developed countries:

"Members shall co-operate with one another, with the Economic and Social Council of the United Nations, with the Organization and with other appropriate inter-governmental organizations in facilitating and promoting industrial and general economic development."

Article 10, paragraph 2

To amplify the obligations of the Organization and to link development with the objective of higher standards of living:

"With a view to promoting industrial and general economic development and consequently higher standards of living, especially of those countries which are still relatively undeveloped....the Organization shall......

(a) (i) study its natural resources and its potentialities for industrial and general economic development and assist in the formulation of plans for such development;

(ii) ......

e etc.

* These changes are indicated by underlining in the case of addition and square brackets in the case of deletions. In paragraph 1 of Article 10 the changes are from the Geneva draft. In paragraph 2 the changes are from the text as amended and set out in E/CONF.2/C.2&6/A/W.2/Add.1. In the proposed resolution the changes are to the text contained in Annex C of E/CONF.2/C.2&6/A/W.2.

/Proposed resolution
Proposed resolution

In order to place special emphasis on the development of industries processing locally produced raw materials,

"The United Nations Conference on Trade and Employment, having considered........

Therefore resolves

that the Interim Commission of the International Trade Organization is hereby directed to examine

(i) ......

(ii) the availability of facilities for technical surveys or studies of: the natural resources of under-developed countries; or the possibilities, in relation to the demand for the products of the industries concerned, of their industrial development, whether general or in relation to the processing of locally-produced raw materials or other particular industries; or for the improvement........"

3. It was agreed that:

(a) paragraph 3 (b) of new Article 11 A which refers to industrial patents was covered by the text of paragraph 3 (b) of Article 11 as adopted at the sixteenth meeting of the Joint Sub-Committee (E/CONF.2/C.2&6/A/M.18), as the term "industrial patents" is included in the word "technology".

The text of paragraph 3 (b) reads as follows:

"3. The Organization may, in such collaboration with other inter-governmental organizations as may be appropriate

(a) ......

(b) make recommendations and promote agreements designed to facilitate an equitable distribution of skills, arts, technology, materials and equipment with due regard to the needs of all Members;

(c) ......

(b) the reference that price disparities in paragraph 3 (a) of Article 11 A was met by the recommendation for inclusion of a new paragraph (f) within Article 69. This text has been approved by the Joint Sub-Committee at its twenty-first meeting and is contained in document E/CONF.2/C.2&6/A/M.24, page 3."
