Chapter III, Article 11, Paragraph 1
The first five lines should be reworded as follows:
"Progressive industrial and general economic development requires among other things adequate supplies of capital funds, raw materials, labour, equipment and materials, technical methods or facilities and technical and managerial skills, and also access to international transport facilities".

Article 12, Paragraph 1
Paragraph 1 should be reworded as follows:
"The Members recognize that international investment, both public and private, can be of great value in promoting economic development and consequent social progress."
Delete paragraphs 2 and 3.
