SECOND COMMITTEE: INDUSTRIAL DEVELOPMENT

DRAFT CHARTER

AFGHANISTAN: PROPOSED ADDITION

Article 11, paragraph 3

Add to the end of the paragraph the following:

"The Organization may also make recommendations for and promote international agreements and arrangements directed to an equitable international distribution of the technical and managerial skills and arts, and of materials and equipment which are needed for the economic development of Members and which are in short supply. Such agreements and arrangements shall have regard to the principle that all Members, particularly Members whose economies are insufficiently or undeveloped, shall have access to an equitable share of the international supply of such skills and products."
