The delegation of France has drawn attention to the fact that owing to an error in drafting the footnote references to Annex B, regarding preferences applying to the French Union listed in Article 16 of the Charter and in Article 1 of the General Agreement on Tariffs, the following territories have been shown as enjoying preferences for imports into Metropolitan France only: Treaty Basin of the Congo-Cameroons, French Establishments in India, French Establishments in the Condominium of the New Hebrides, Morocco (French zone) and Togo. However, the products of these territories also enjoy a system of preferences for imports into the other territories of the French Union. Consequently, the words: "For imports into Metropolitan France", appearing on page 60 of the English text of the Report of the Second Session of the Preparatory Committee, should read: "For imports into Metropolitan France and the territories of the French Union."

It is therefore proposed to amend Annex B accordingly.
