On page 5, replace Mr. ZORLU's statement by the following:

Mr. ZORLU (Turkey) stated that under the commercial treaties she had concluded since 1923, Turkey had reserved the right to grant preferences to countries that were formerly part of the Ottoman Empire. The amendment submitted by the Turkish delegation was therefore based on an acquired right, and should be considered as applying to preferences of the same kind as those referred to in Article 16, paragraph 2.

He added, however, that his delegation would withdraw its amendment if the amendment submitted by the countries of the Near and Middle East were accepted.
