SIXTH COMMITTEE: ORGANIZATION

ADDENDUM TO PART I OF DRAFT REPORT

Add as a new paragraph (c) to the remarks upon Article 99 (Territorial Application) the following by the delegation of the United Kingdom:

"The delegation of the United Kingdom said that the Government of the United Kingdom, Great Britain and Northern Ireland would not have thought that the general principle laid down in the interpretative note to Article 99 required any qualification, since it in no way prejudices the question of what is or is not a condominium. In view, however, of the declaration by the delegation of Egypt, the Government of the United Kingdom decided to place on record that, as is well known, it does not accept the thesis of the Egyptian Government in regard to the Anglo-Egyptian Condominium of the Sudan."
