**Article 89.**

Consultation between Members

If any Member should consider that any benefit accruing to it directly or indirectly under this Charter is being nullified or impaired, or that the attainment of any of the objectives set forth in Article 1 is being impeded, as a result of the failure of another Member to carry out its obligations under this Charter, the Member may, with a view to the satisfactory adjustment of the matter, make written representations or proposals to the other Member or Members which it considers to be concerned. Any Member thus approached shall give sympathetic consideration to the representations or proposals made to it. In any such case, the Members concerned shall keep the Director-General informed generally of any discussions undertaken.
