The Sub-Committee approved the report of the Working Party contained in document E/CONF.2/C.6/N.122 subject to amending the text of paragraphs 2 and 3 of Article 93 so as to make the second sentence of paragraph 2 and paragraph 3 into two sub-paragraphs of paragraph 2.

The Sub-Committee then drafted its report to the Sixth Committee.

The representative of Argentina entered a general reservation to the text recommended pending the receipt of instructions from his government.

In addition to the interpretative note which it had already been agreed to insert in the report and in addition to the other notes which had been approved for inclusion, the Sub-Committee agreed to the following paragraph:

"In the course of the discussion of paragraphs 1 and 2 the Sub-Committee agreed that termination of any existing obligations of Members towards non-Members should be in accordance with the terms of the agreements embodying such obligations."
