NOTE BY THE CENTRAL DRAFTING COMMITTEE

In the Report of Sub-Committee D on Footnote to Chapter III on "Reconstruction" (E/CONF.2/C.2/35 of 12 February 1948), which was approved by Committee II, the Central Drafting Committee was requested to "include at the appropriate places in Chapter III such references to reconstruction as will result in the treatment of reconstruction and development on equal terms."

In order to carry out these instructions the Central Drafting Committee recommends, in its Report on Articles 8 to 12, that the title to Chapter III be changed to read: "Economic Development and Reconstruction" and that appropriate references be made to "reconstruction" in the titles and texts of Articles 8, 10, 11 and 12, as indicated in the Drafting Committee's Report.
