Suggested Change in Article 9 - United States Draft Charter
by the Indian Delegation

Delete par. 1 - Article 9.

Amend par. 2 on the following lines:

2. The members recognize that the imposition of internal taxes on the products of other member countries and discriminatory treatment in respect of internal laws, regulations or requirements affecting their sale, transportation or distribution or affecting their mixing, processing, exhibition or other use, including laws and regulations governing the procurement by governmental agencies of supplies for public use other than for the military establishment, would be contrary to the spirit of this Article, and they agree to take such measures as may be open to them to prevent in the future the adoption of new or higher taxes of this kind within their territories.
