WHEREAS certain difficulties of the kind referred to in the draft Chapter on inter-governmental Commodity Arrangements appended to the Report of the Preparatory Committee have already occurred in respect of certain primary commodities and the governments concerned are already taking action on the general lines proposed in the Draft and

WHEREAS similar difficulties may occur in respect of other primary commodities and

WHEREAS the Preparatory Committee is agreed that it is desirable that action taken in respect of such commodities should proceed on the general lines proposed in that Draft

THE PREPARATORY COMMITTEE

1. Recommends that insofar as inter-governmental consultation or action in respect of particular commodities is necessary before the International Trade Organization is established, the governments concerned should adopt as a guide the Draft Chapter on inter-governmental commodity arrangements appended to the Report of that Committee.

2. Requests the Executive Secretary to keep in touch with such consultation and to take action as may be appropriate to facilitate it.
