Delegations are reminded of the decisions taken by the Executive Session yesterday that:

(a) Each Delegation which opposed paragraph 6 of Article 33 (page 76 of E/PC/T/180) should inform the Secretariat in order that the names of those Delegations might be indicated in the footnote;

(b) Similarly, each of the Delegations favoring the retention of sub-paragraph 4 of the Article formerly numbered 38 should inform the Secretariat in order that this information might be given in the footnote to the new Article 42 (page 96 of E/PC/T/180);

(c) In those cases in which Delegations have made reservations in several places relating to the same point of substance, they should inform the Secretariat on which of those several articles they wish to have their reservation specifically mentioned and to which other articles, if any, reference should be made in the single reservation.

In order to be included in the printed report, such information should reach the Secretariat no later than 6 p.m. Monday, August 25.
