It is brought to the notice of Delegations that the Secretariat has established a Statistical Service in connection with the work that is to be carried out at this Session.

This service has at its disposal the resources of the Library of the United Nations and will be able to effect work for Delegations such as the provision and interpretation of information concerning:

1. Production of main raw materials and foodstuffs;
2. Industrial production;
3. Trade of individual countries by commodities and according to direction of trade;
4. Tariff lists;
5. Transport;
6. Wholesale prices of main commodities;
7. Balance of payments for certain countries;
8. National income for certain countries;
9. Employment and unemployment;
10. Prices;
11. Rates of exchange;
12. Population figures;
13. Density of population;
14. Other basic statistical information from national and international publications.

Delegations are invited to address their requests for this type of information to:

Miss D.P. Etlinger
Mr. G. Guillermin
Mr. E. Stadlin

Room 200, Extensions 2245, 2245.
