It is proposed that the words "not more than" be inserted between the words "of" and "fifteen". The paragraph would then read as follows:—

"1. The Executive Board shall consist of not more than fifteen Members of the Organization elected by the Conference."

ARTICLE 88, Paragraph 4:

It is proposed that the second sentence be amended to read as follows:—

"Each Member shall on behalf of any such self-governing territory notify the Secretary-General of the United Nations of the acceptance of this Charter by such self-governing territory, and the provisions of this Charter shall become applicable to that territory on the sixtieth day following the day of the receipt of such notification."
