Amendment on Article 35

South African Delegation.

(a) To amend the Australian amendment contained in paper No. E/PC/T/W170 of the 6th June, 1947, by inserting on page 2, after the word "action" in line 2 of paragraph (c), the following words:

"and result from the failure of a Member to carry out any obligation which such Member has assumed pursuant to Chapter V or Chapter VI".

(b) To add the following new paragraph (3):

"Members recognise that their ability to carry out their obligations under the Charter will depend on the attainment over a large enough area and in sufficient measure of the purposes and objectives outlined in Chapters I, III and IV.

"If at any time at least ten per cent of the Members represent to the Executive Board that a situation exists or is in process of development, whether or not such situation conflicts with the terms of the Charter, which will endanger the ability of Members to carry out their obligations under the Charter, the Board shall in terms of Article 65 request the Director-General to convene with all possible despatch a meeting of the Conference to consider the measures necessary to deal with the situation".
