SECOND SESSION OF THE PREPARATORY COMMITTEE
OF THE UNITED NATIONS CONFERENCE ON TRADE
AND EMPLOYMENT

AMENDMENT BY THE SOUTH AFRICAN DELEGATION
TO

ARTICLE 86.

To add the following new paragraph -

"The notes appearing in Annex ..... shall be used in the
interpretation of the Charter as evidence of the intention
of the contracting parties in agreeing to the terms of the
Charter".

Comment:

The wording of many articles was accepted by
various delegations on the distinct understanding that they
would be interpreted in the light of notes attached to the
reports. It will consequently be necessary to safeguard the
position by including in a separate document whatever notes
the Preparatory Committee may approve. Those notes will be
given due status as interpretative material if a paragraph
like that now proposed is included in the Article on
Interpretation.
