Amendments to the Schedules to be attached to the General Agreement on Tariffs and Trade, proposed by the United Kingdom Delegation.

Para.1 - At the end of the first sentence read "subject to the terms, conditions or qualifications therein set out."

At the end of the paragraph delete "or required to be imposed .............. that day."

Para.2 - Corresponding amendments to those suggested above for para.1.

Para.3(a) - read "a charge equivalent to an internal tax imposed, consistently with the provisions of Article III, paragraph 1, of this Agreement, in respect of the like domestic product or in respect of an article of the kind from which the imported product has been manufactured or produced in whole or in part.

Explanatory Note

The first amendment is suggested in order to provide more generally for the sort of qualifications actually provided in the form of notes in the specimen Schedule. A number of these notes are, in effect, additional concessions rather than conditions governing the tariff bindings to which they relate.

The second amendment is suggested on the ground that provision is now made in para. 3(b) for anti-dumping or countervailing duty, and it seems desirable that all other charges should be bound along with the ordinary Customs duties in respect of the articles scheduled.

The purpose of the third amendment (para. 3(a)) is to link up this provision for internal taxes with the conditions prescribed under Article III, para. 1 of the Agreement and to clarify the drafting.
