SECOND SESSION OF THE PREPARATORY COMMITTEE OF THE
UNITED NATIONS CONFERENCE ON TRADE AND EMPLOYMENT.

Draft Charter

Article 16

Freedom of Transit

Amendment proposed by the Delegations of FRANCE,
BELGIUM, THE NETHERLANDS AND LUXEMBURG.

Paragraph 6. Strike out this paragraph.

Reasons - The provisions of Paragraph 6 do not refer to
"Freedom of Transit" and should not therefore be included
in Article 16. Questions of origin, provenance, and direct
consignment are extremely delicate. The different countries' regulations in this respect are various and diffuse. Sufficient data on them is not available to the Committee. The necessary researches should be made and these problems dealt with at a special conference which the Organization would have to convene at the proper time.
