The following communication, dated 30 October 1991, has been received from the Permanent Mission of Indonesia.

The Permanent Mission of the Republic of Indonesia to the United Nations and other International Organizations at Geneva presents its compliments to the GATT secretariat and has the honour to inform you that Indonesia's recent trade liberalization on tariff and non-tariff measures which took effect on 3 June 1991 are as follows:

(i) Reduction and elimination of import duties on 559 HS items and reduction and elimination of surcharges on 301 HS items (tariffs).

(ii) Elimination and easing of import regimes on 311 HS items (non-tariff measures).

At the same time, we wish to reiterate that this is yet another autonomous effort made by the Government of Indonesia to liberalize its imports, in compliance with the objective of the Uruguay Round. Accordingly, it is the wish of the Government of Indonesia to seek appropriate recognition in the Negotiating Group on Market Access for its liberalization measures which have been implemented as of 3 June 1991.

In line with the aforementioned, the Government of Indonesia has the pleasure to submit Indonesia's additional offer for circulation to the participants of the Tariff Negotiations. As the submission is based on autonomous policy measures, no single formula was employed by the Government in the process of reducing and eliminating the import duties. Consequently, Indonesia reserves its right to make any modifications or amendments to the list as may be deemed necessary.

Copies of the Indonesian documentation are available in room 1072.
