The following communication, dated 6 April 1992, has been received from the Permanent Mission of Uruguay.

In accordance with the programme of tariff cuts, as from 1 April 1992 the global tariff rates applied to all goods included in the Customs Tariff will be as follows:

(a) 24% (for products previously subject to a rate of 30%);
(b) 17% (for products previously subject to a rate of 25%);
(c) 10%.

It should be pointed out that these are now the only charges on imports, since consular fees and cargo handling charges were abolished by law in October 1991.
