The following communication has been received from the delegation of the Republic of Korea with the request that it be circulated to the members of the Group.

Reference is made to document MTN.GNG/NG8/W/3 dated 20 May 1987. This document indicates the issues that the Republic of Korea wishes to discuss in the negotiations with the aim of improving and clarifying the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade (Anti-Dumping Code).

The Anti-Dumping Code and the Subsidy and Countervailing Measures Code are closely interrelated and I believe that the issues mentioned in the document, in particular, in paragraphs A and B, F to M are also relevant to the work of the Negotiating Group on Subsidies and Countervailing Measures. The Declaration on the Uruguay Round recognizes the possibility of discussing one issue in more than one negotiating group in such instances.
