ROLLBACK

Notification

The following communication, dated 11 October 1991, has been received from the Permanent Delegation of Commission of the European Communities.

With reference to the conclusions endorsed at the July 1990 TNC meeting concerning standstill and rollback, the Permanent Delegation of the European Communities submits the following information on the removal from the European Communities quantitative restrictions régime of certain residual quantitative restrictions in the motor vehicles sector.

The full description of the measure is contained in Document L/6922.

This communication is made without prejudice to the questions of consistency of the restrictions concerned with the General Agreement.
