

4 November 1958

Per Caput Gross National Product at Current Market Prices
Proportion of Primary Production in Gross National Product
and Share of Active Population engaged in Primary Production

Addendum

The table issued under this heading on 3 November 1958 should be amended as follows:

Nicaragua

Share of active population engaged
in primary production in 1950 60.8

Czechoslovakia

Share of active population engaged
in primary production in 1947 40.2
(probably the present proportion
should be substantially lower)

Note: No data are available for Uruguay.
