COMMITTEE ON BUDGET, FINANCE AND ADMINISTRATION

TPRM Staffing

Note by the Secretariat

1. The attached table sets out in summary form the arrangements for staffing the new Trade Policies Review Division.
2. It emerges from the table that if the Committee and the Council agree:
 - a) in 1990 there will be a total of ten professional and three general service staff;
 - b) in 1989 there will be: Seven professional and three general service staff. Of these, two professional and one general service staff will be redeployed from their existing posts, along with their present duties, and will not be replaced. One professional staff member will be redeployed but will be replaced by another staff member; this staff member will not be replaced. This leaves four professional and two general service staff to be recruited in 1989;
 - c) in 1990 there will be a need to recruit a further three professional staff to bring the TPRM up to full strength.
3. It is proposed that in addition to the positions referred to above, resources be allocated from 1990 for support functions, namely 720 work-days for typing in the typing pool, 720 work-days for translation work, and 360 work-days for roneo work.
4. The Committee is being asked to decide only on the implications for 1989 at this time. The implications for 1990 will be presented to the Committee in the context of the budget proposals for 1990, later this year.
