Spec(90)22

3 July 1990

ANALYTICAL INDEX

The Analytical Index was circulated to contracting parties, for information and comments, in English in 1985 (with documents Spec(85)33 and Spec(85)60), in French in 1987 (with document Spec(87)58) and in Spanish in 1988 (with document Spec(88)54). It was subsequently slightly revised so as to take into account comments received and to update the tabular survey of GATT disputes listed in Section Article XXIII.

The English version of the revised Analytical Index (Notes on the drafting, interpretation and application of the Articles of the General Agreement) was distributed to delegations in January of this year (see Spec(90)1).

The French and Spanish versions of the revised Analytical Index are now ready. Two copies in the relevant language will be sent to delegations receiving documents in French or Spanish. Other delegations wishing to receive copies of the French or Spanish versions of the Analytical Index should inform Mrs. J. Vuilleminot, Office 1007, GATT Secretariat (Tel. 739 52 48).

The revised Analytical Index is for sale to the public at the GATT Secretariat or from accredited sales agents of the GATT throughout the world at a price of 250.- Swiss Francs.
