Pursuant to Article 4:4 of the Arrangement Regarding International Trade in Textiles as extended by the 1981 Protocol, I hereby would like to notify the Textiles Surveillance Body of the conclusion of a four-year bilateral agreement between Indonesia and Sweden. The agreement covers the period January 1, 1984 to December 31, 1987.

This agreement has been reached for the purpose of avoiding risks of further market disruption in Sweden, while ensuring an orderly development of exports from Indonesia to Sweden. The product categories in this agreement are of a similar scope as in other agreements notified by Sweden under the Arrangement as extended by the 1981 Protocol. The restraint groups are the same as in the preceding agreement between Indonesia and Sweden.

As to the terms of growth in the agreement, reference is made to Annex B of the Arrangement and paragraph 11 of the 1981 Protocol.

The situation for the Swedish textile industry is difficult. The level of production of made-up textile articles has been reduced to less than half during the period 1973 - 1983. The number of persons employed in this sector has been further reduced by ten per cent in the years 1980 - 1983.

Imports of made-up articles increased heavily during 1980 but declined in 1981 due to weak demand and has since remained at a level which is still very high. Sweden has the highest import penetration of textiles in the world.

For Sweden, being a small market with an exceptionally high level of imports and a low domestic production, the maintenance of a minimum viable production is of vital importance.

Copies of the Agreement and related documents are enclosed.

Yours sincerely,

Christer Manhusen  
Counsellor

AGREEMENT BETWEEN THE GOVERNMENT OF REPUBLIC OF INDONESIA  
AND THE GOVERNMENT OF SWEDEN REGARDING EXPORTS OF CERTAIN  
TEXTILE PRODUCTS FROM INDONESIA TO SWEDEN

Article 1

The following Agreement has been reached having regard to  
the Arrangement Regarding International Trade in Textiles  
bearing in mind particularly the provisions of article 4  
thereof and the provisions of GATT document L/5276.

Article 2

This Agreement shall apply for the periods specified in  
Annex I.

Article 3

The Government of Indonesia will limit exports to Sweden  
of the textile products listed in Annex I to this Agreement  
to the limits set out in that Annex. The date of issue  
of shipping documents shall be considered to be the date  
of exportation.

Article 4

- (a) This Agreement shall apply to exports from Indonesia to Sweden of the textile products described in Annex I hereof, of cotton, wool or man-made fibres; or blend thereof, in which any or all of those fibres in combination represent either the chief value of the fibres or 50 per cent or more by weight (or 17 per cent or more by weight of wool).
- (b) Notwithstanding the provisions of this Article this Agreement shall also apply to the products described in Annex I hereof, which are manufactured from impregnated fabrics as defined in Annex III of this Agreement.

Article 5

- (a) The Government of Sweden will admit imports of the textile products of Indonesian origin, listed in Annex I, provided that such imports are covered by a Certificate of Origin, Form S, as per specimen in Annex IV.
- 
- 

Such a document shall be issued by the Department of Trade of the Republic of Indonesia, be consecutively numbered, state the group number, and bear an endorsement that the consignments concerned have been approved and debited to the agreed limits for export to Sweden for the relevant period.

- (b) The Government of Sweden will admit imports of the textile products of Indonesian origin, listed in Annex II, provided that such imports are covered by a Certificate of Origin, Form A, as per specimen in Annex V. Such a document shall be issued by the competent governmental authorities of Indonesia.

Article 6

If the information available to the Swedish authorities shows that the quantitative limit for the category of products specified in a Certificate of Origin, Form S, has already been reached or the unused portion of that limit is insufficient to cover the goods specified in the certificate, the said authorities may refuse to admit any quantity in excess of the quantitative limit.

In this event the Government of Sweden shall inform the Government of Indonesia as soon as possible. Should any excess quantity be permitted to enter Sweden, the Indonesian authorities shall, upon information by the Swedish authorities, deduct the overshipped quantity from the relevant limit which is agreed or may be agreed upon for the following restraint period.

Article 7

Both parties regard it as essential that exports to Sweden of goods listed in Annex I are as evenly spaced as possible throughout the period of agreement and that, in the allocation of quotas, due consideration is given to traditional patterns of trade. Accordingly, the Government of Indonesia undertakes to provide a procedure to achieve this.

Article 8

The Government of Indonesia will forward to the Government of Sweden, via the Embassy of Sweden in Jakarta, monthly statistics on a cumulative basis of the quantities of

h

ML

the groups 2, 4/ex 5, 8 and 10 listed in Annex I, for which duly endorsed Certificate of Origin, Form S, for exports to Sweden have been issued. The statistics shall reach the Government of Sweden within a period of two months from the month of reference.

The Swedish Government will forward to the Government of Indonesia monthly statistics on a cumulative basis of licences issued for imports from Indonesia of the above mentioned groups listed in Annex I. The statistics shall reach the Government of Indonesia, via the Embassy of Sweden in Jakarta, within a period of two months from the month of reference.

Article 9

- (a) The Government of Indonesia and the Government of Sweden agree to consult each other, at the request of either, when any problem arises from the implementation of this Agreement. The Government of Indonesia and the Government of Sweden furthermore agree to enter into consultations on the extension, modification or elimination of limitations before

*mil*

the end of the period of agreement.

- (b) The parties agree to consult on the matter of flexibility, when the need thereof arises.
- (c) Should textile products included in Annex II be imported into Sweden from Indonesia in such quantities as to cause a real risk of market disruption the Government of Sweden may request consultations concerning those products.

Article 10

The Government of Indonesia and the Government of Sweden agree to collaborate with a view to taking appropriate action to avoid circumvention of limitations by such devices as transshipment, re-routing, fraud etc.

Article 11

Either Government may terminate this Agreement before the end of the period of validity, provided that at least ninety days' notice is given.

In such event the Agreement shall come to an end on the expiry of the period of notice.

Article 12

The Annexes of this Agreement shall be considered as integral parts of the Agreement.

This Agreement replaces the Exchange of Letters of 22 August, 1979, concerning procedures for origin control of certain textile products when exported from Indonesia to Sweden.

Article 13

This Agreement has been drawn up in two copies in the English language, each of these texts being equally authentic.

Two or more pieces of garments delivered in combination, even if packed, consigned and sold together, should be charged against the group to which every single pieces of the combination belongs

MLP

Annex III

Definition of "Impregnated Fabrics" for the purposes of Article 4

1. Fabrics of cotton, wool or man-made fibres or any blend containing one or more of those fibres in which either wool represents 17 per cent or more by weight or any or all of those fibres in combination represent 50 per cent or more by weight of the unfinished fabric shall be defined as "impregnated fabrics" where those fabrics have been impregnated, coated, covered or laminated with preparation of cellulose derivatives or of other artificial plastic materials whatever the nature of the plastic material (compact, foam, sponge or expanded).
2. The definition does not cover -
  - a) fabrics which, after impregnation, coating, covering or lamination, cannot, without fracturing, be bent manually around a cylinder of a diameter of 7 mm at a temperature between 15 degrees C and 30 degrees C.
  - b) fabrics either completely embedded in artificial plastic material or coated or covered on both sides with such material.
