The Honorable
Ambassador Marcelo Raffaelli
Chairman, Textiles Surveillance Body
GATT
Rue de Lausanne 154
1211 Geneva

Dear Ambassador Raffaelli:

I am instructed by my government, further to my earlier oral notification, to inform the TSB that the United States and Macau have been unable to reach a mutually satisfactory solution to problems of circumvention involving the transhipment of large quantities of apparel products which are not of Macau origin through Macau to the United States.

The United States does not consider that the government of Macau has in the past taken appropriate action to avoid such circumvention or made adequate provisions to do so in the future. The government of the United States has, therefore, informed the government of Macau that it is invoking the provisions of paragraph 19 of the U.S.-Macau bilateral agreement to permit termination of the agreement, effective December 31, 1990, should a satisfactory solution not be agreed upon by that date. The government of the United States also reserves its right to take further actions as necessary to deal with this circumvention.

Given the circumstances as outlined above, the government of the United States wishes to refer this matter to the Textiles Surveillance Body under Article 8:2 for review at its earliest convenience. My government will provide an additional notification under the terms of Article 8:4 for the TSB review.

Sincerely,

Robert E. Shepherd Minister Counsellor
