Ambassador Marcelo Raffaelli Chairman Textiles Surveillance Body General Agreement on Tariffs and Trade 154 rue de Lausanne 1211 Genève SUISSE

Dear Ambassador Raffaelli:

Pursuant to Article 4 of the Arrangement Regarding International Trade in Textiles (MFA), done at Geneva, December 20, 1973, and to its 1986, 1991 and 1992 Protocols of Extension and Maintenance in Force, I have the honour to provide documentation relative to the extension and modification of the Memorandum of Understanding (MOU) between the Governments of Canada and Romania concerning the export of certain textile products from Romania to Canada. The relevant exchange of diplomatic notes is attached.

The term of validity of the MOU has, via this exchange, been extended through year-end 1993 and the restraint categories for the MOU have been modified to the new HS based categorization system which is now characteristic of all of Canada's bilateral textiles and clothing restraint agreements and about which the TSB had a discussion at a recent meeting.

Yours sincerely,	TEN SB/2028
John F. Donaghy Counsellor	1 3 JUL 1993

The Romanian ministry of Commerce, Department of Foreign Trade, presents its compliments to the Department of External Affairs and International Trade — Canada, and has the honour to confirm the receipt of the Note No KPT 1546/o5.lo.1992 with the following content:

"No.KPT1546

The Department of External Affaires and International Trade presents its compliments to the Embassy of Romania, and has the honour to refer to the Memorandum of Understanding between the Government of Canada and the Government of Romania and relating to the export from Romania of Certain Textiles and Textile Products for Import into Canada (MOU).

In light of the continued delay in the completion of the Uruguay Round of Multilateral Trade Negotiations, it is clea that the MTN results on textiles and clothing will not be implemented on January 1, 1993, nor has the Textiles Committee of the GATT taken a decision on the extension of the Arrangement Regarding Internation! Trade in Textiles (MFA) beyond its expiry date of 31 December, 1992. Under the circumstances, there is already considerable uncertainty among producers, exporters and

importers in Canada and Romania with respect to the rules governing our bilateral trade in textiles and clothing in 1993.

In order to alleviate this uncertainty and to provide the trade with a predictable environment in which to plan its activities, the Canadian authorities propose that the MUU be extended until 31 December, 1993, or if Romanian authorities are agreeable, to 31 December, 1994. This extension would apply to all terms and conditions of the MUU, with the exception that Annexes I and II attached would replace Annexes I and II of the MUU. This extension would be without prejudice to any changes that may be required to be implemented as a result of a successful conclusion of the Uruguay Round.

In the event that the Romanian authorities are in agreement with this proposal, the Canadian authorities would propose that this Note along with the reply from the Romanian authorities constitute an agreement extending the MOU until 31 December, 1993.

The Department of External Affairs and International Trade avails itself of this opportunity to renew to the Embassy of Romania the assurances of its highest consideration

OTTAWA, October 5, 1992 ".

The proposal forwarded to the Romanian authorities being accepted, the exchange of these documents constitute

now an agreement for the extention of the MOU until December 31, 1993.

The Romanian Ministry of Commerce, Department of Foreign Trade avails itself of this opportunity to renew the Department of External Affairs and International Trade - Canada the assurances of its highest consideration.

Bucharest, November 16, 1992.

No. KPT1546

The Department of External Affairs and International Trade presents its compliments to the Embassy of Romania, and has the honour to refer to the Memorandum of Understanding between the Government of Canada and the Government of Romania and relating to the export from Romania of Certain Textiles and Textile Products for Import into Canada (MOU).

In light of the continued delay in the completion of the Uruguay Round of Multilateral Trade Negotiations, it is clear that the MTN results on textiles and clothing will not be implemented on January 1, 1993, nor has the Textiles Committee of the GATT taken a decision on the extension of the Arrangement Regarding International Trade in Textiles (MFA) beyond its expiry date of 31 December, 1992. Under the circumstances, there is already considerable uncertainty among producers, exporters and importers in Canada and Romania with respect to the rules governing our bilateral trade in textiles and clothing in 1993.

In order to alleviate this uncertainty and to provide the trade with a predictable environment in which to plan its activities, the Canadian authorities propose that the MOU be

extended until 31 December, 1993, or if Romanian authorities are agreeable, to 31 December, 1994. This extension would apply to all terms and conditions of the MOU, with the exception that Annexes I and II attached would replace Annexes I and II of the MOU. This extension would be without prejudice to any changes that may be required to be implemented as a result of a successful conclusion of the Uruguay Round.

In the event that the Romanian authorities are in agreement with this proposal, the Canadian authorities would propose that this Note along with the reply from the Romanian authorities constitute an agreement extending the MOU until 31 December, 1993.

The Department of External Affairs and International

Trade avails itself of this opportunity to renew to the Embassy

of Romania the assurances of its highest consideration.
