Note No. 2761

The Canadian Embassy presents its compliments to the Ministry of Foreign Affairs of the Republic of Poland and has the honour to refer to the Memorandum of Understanding (MOU) between the Government of Canada and the Government of the Republic of Poland relating to the export from Poland of certain textiles and textile products for import into Canada.

In light of the continued delay in the completion of the Uruguay Round of Multilateral Trade Negotiations (MTN), it is clear that the MTN results on textiles and clothing will regrettably not be implemented on January 1, 1994, as was hoped for in 1992 when the MOU was extended for one year until December 31, 1993. To date, the Textiles Committee of the GATT has not taken a decision on the extension of the arrangement regarding international trade in textiles (MFA) beyond its expiry date of 31 December 1993. It is likely that a decision in this respect will not be made until much later in 1993.

Under these circumstances, Canadian authorities wish to avoid uncertainties among producers, exporters and importers in

.../2

Canada and in Poland with respect to the rules which will govern our bilateral trade in textiles and clothing in 1994. Orders have already been placed for delivery in 1994. Manufacturers in Canada and in Poland will soon have to produce the items necessary to meet their 1994 delivery commitments. Canadian importers also have committed themselves to meet increasingly stringent deadlines for delivery to their Canadian customers. In the absence of the extension of the MOU, Canadian authorities are not in a position at this time to counsel Canadian importers on whether the current import regime would continue into 1994.

Canadian authorities remain committed to maintaining an effective import control policy for the textile and clothing industries in order to moderate growth in low-cost imports and to provide the Canadian industry with a climate that is conducive to an orderly adjustment process. The current Bilateral Textile Agreement between Poland and Canada has served to ensure secure terms of access for textiles and clothing exports from Poland.

The Canadian authorities propose that the MOU be extended until 31 December 1994 or if the authorities of Poland are agreeable, to 31 December 1995. This extension would apply to all

terms and conditions of the MOU, including growth rate and flexibility provisions. It would also be without prejudice to any changes that may be required to be implemented as a result of the successful conclusion of the Uruguay Round or as the result of the extension of the MFA. In the event that the MTN results are implemented in 1995, the second year of this extension, where applicable, would be superposed by the restraint structure contained in the MTN Agreement.

If the authorities of Poland are in agreement with the proposed extension of the MOU, the Canadian authorities propose further that this note, along with the reply from the authorities of Poland, constitute an Agreement extending the MOU until the date on which we mutually agree.

The Canadian Embassy avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Republic of Poland the assurances of its highest consideration.
