NOTIFICATION

The following notification is being circulated in accordance with Article 10.4.

1. Party to Agreement notifying: <u>FINLAND</u>
2. Agency responsible: Telecommunications Administration Centre
3. Notified under Article 2.5.2 [X], 2.6.1 [], 7.3.2 [], 7.4.1 [], other:
4. Products covered (HS or CCCN where applicable, otherwise national tariff heading): Ship navigation radars 85.26.10.00
5. Title and number of pages of the notified document: Regulation THK 4/93M Issued by the Telecommunications Administration Centre on Type Approval Requirements for Ship Navigation Radars (available in Finnish and English, 4 pages)
6. Description of content: The regulation sets the radiated spurious emissions limits for the ship radars. The limits are specified on the frequency band 30 MHz...40 GHz. The purpose of the regulation is to protect other existing and future radio services on this frequency band. The regulation specifies also the test methods for type approval procedure. After transition period, the type approval will be compulsory for ship radars.
7. Objective and rationale: Protection of existing and future radio services on the given frequency band.
8. Relevant documents:
9. Proposed date of adoption and entry into force: Entry into force: 1 April 1994
10. Final date for comments: 3 September 1993. The document will be issued as a regulation of the Telecommunications Administration Centre.
11. Texts available from: National enquiry point [X] or address of other body:
