GATT INTEGRATED DATA BASE AS OF 1 SEPTEMBER 1989

Note by the Secretariat

1. To date, a total of 35 contracting parties, plus the European Communities (representing 12 contracting parties), plus Tunisia (which is presently negotiating its full accession to the GATT), have indicated their intention to participate in the Integrated Data Base. The 47 contracting parties in question are:

Argentina  Hong Kong  New Zealand
Australia  Hungary  Norway
Austria  Iceland  Pakistan
Brazil  India  Poland
Canada  Indonesia  Singapore
Chile  Israel  Sri Lanka
Colombia  Jamaica  Sweden
Czechoslovakia  Japan  Switzerland
Egypt  Korea, Rep.  Turkey

These contracting parties account for 94 per cent of the total merchandise trade of GATT contracting parties.*

2. Delegations which have not done so already are reminded that they may join the Integrated Data Base at any time.

*The percentage is based on the sum of exports and imports for a three-year period, in most instances 1985-87.
