DERESTRICTION OF DOCUMENTS

1. The following document was derestricted on 10 September 1986:

MDF/series 1

MDF/W/61 (+ Corr.1 and Add.1) Background study on aluminium and aluminium products.

2. The following documents were derestricted on 29 September 1986:

L/5961 and Rev.1 Accession of Mexico - Memorandum on Foreign Trade Régime.

L/5976 Accession of Mexico - Questions and replies to the Memorandum on Foreign Trade Régime.

1The background studies on copper and copper products (MDF/W/10), tin and tin products (MDF/W/20), nickel and nickel products (MDF/W/21) and zinc and zinc products (MDF/W/37) were derestricted on 15 March 1986 (see INF/223). Following its completion towards the end of 1986, the background study on lead and lead products will also be proposed for derestinction.
