QUESTIONS FROM THE EUROPEAN COMMUNITIES CONCERNING
THE ANTI-DUMPING LEGISLATION OF BRAZIL
(ADP/1/Add.26/Suppl.2)

1. **Article 3(1) of Resolution No. 001227**

   This paragraph provides that the conversion of a security into Federal revenue and/or its total or partial refund shall be determined by an act of the CPA.

   Could the Brazilian authorities indicate when, i.e. at which stage of the proceedings, such a determination in a specific case will be made?

2. **Article 27 of Resolution No. 001227**

   2.1 Is the adoption of provisional anti-dumping measures preceded by a full investigation of dumping, injury and the causal link?

   2.2 Does the preliminary investigation include the following steps:

   - the dispatch of questionnaires to interested parties
   - the analysis of the replies to such questionnaires
   - on-the-spot investigations
   - hearings of interested parties?
