Committee on Anti-Dumping Practices

QUESTIONS SUBMITTED BY CANADA CONCERNING THE LEGISLATION OF YUGOSLAVIA

(ADP/1/Add.30)

At the request of the Permanent Mission of Canada, the following preliminary questions are hereby circulated in the Committee on Anti-Dumping Practices.

---

1. With respect to Article 75.7, we would like to obtain further information concerning the duration of the anti-dumping duties. Should this paragraph be interpreted as a sort of "sunset" clause? If not, after how many years would the Yugoslav authorities conduct a review of the finding?

2. Could Yugoslavia elaborate on Article 75.10. We do not understand what is meant by the "administrative litigation proceeding may be instituted"?

3. Article 75.11 appears to allow for the imposition of countervailing duties without examination of injury. Would the Yugoslav authorities impose such duties without making a determination of injury?

4. With respect to Article 75.12, we hope that Yugoslavia will be able to provide the Committee with more detailed information on the procedures for the conduct of investigations.
