Conclusion of Certain Negotiations
Between the Government of the
United States of America and the Government of Sweden

The Government of the United States of America and the Government of Sweden report that they have now completed renegotiations relating to the establishment of a consolidated schedule to the General Agreement of the United States (Schedule XX) in terms of the revised Tariff Schedules of the United States. They have agreed, subject to the approval of the President of the United States, that the United States concessions identified in the annexed list shall be considered as having been initially negotiated with Sweden, without prejudice to any additional rights of initial negotiation as may be determined with respect to concessions in Schedule XX to the Geneva (1967) Protocol, pursuant to the criteria adopted for determining such rights with respect to concessions in that Protocol (TN.64/SR.16). The two governments request that copies of this joint report be circulated to the contracting parties.

GENERAL AGREEMENT ON TARIFFS AND TRADE

Article XXVIII Renegotiation of Schedule XX

UNITED STATES CONCESSIONS TO SWEDEN

(Subject to approval by the President of the United States)

1. Concessions on the items listed herein supersede concessions in Schedule XX that were in terms of the United States tariff preceding adoption of the present Tariff Schedules of the United States (TSUS). The product description of each of the concessions shall be that of the same numbered item or statistical subdivision(s) of such item in the Tariff Schedules of the United States Annotated (1968) as modified by Supplement 1, and subject to the General, Schedule, Part, and Subpart Headnotes and the provisions of the customs laws of the United States. For the purposes of this note, no item in the Tariff Schedules of the United States providing for a duty modification proclaimed under the Automotive Products Trade Act of 1965 shall be considered as affecting the scope of any other item in such Schedules listed herein.

2. Rates in the attached list which are lower than existing rates, because they are full concession rates for concessions, which are in the course of staging, are designated by two asterisks (**). Rates which are the same as existing rates are designated by one asterisk (*). Other rates are higher than existing rates.

3. The United States will attribute to Sweden rights of initial negotiation on internal combustion engines for motor boats presently classified under TSUS 696.15 in whichever TSUS item they may be classified as the result of the final resolution of the question regarding their classification now pending in the Customs Court. The right of initial negotiation will be attributed to the Kennedy Round concession on the item in which they are ultimately classified.

4. A copy of the pertinent Tariff Schedules of the United States Annotated (1968) and Supplement 1 are deposited with the Director General of the GATT and are delivered to the Government of Sweden with this agreement.
