7. Carry over and carry forward taken together shall not exceed 10 percent, of which carry forward shall not represent more than 5 per cent.
8. The Government of Norway will inform the Government of Malaysia when imports into Norway of textile products that have been debited to the agreed limits are subsequently re-exported from Norway. The Government of Malaysia may then credit the quantities concerned to the appropriate limits.
9. The Government of Malaysia will provide the Government of Norway with quarterly statistics of the textile products listed in the Annex I licensed for export to Norway.
10. The Government of Norway will provide the Government of Malaysia with quarterly statistics of the import of the textile products listed in Annex I.
11. The Government of Malaysia shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over the year, due account being taken, in particular, of seasonal factors.
