PRODUCTOS TROPICALES

Lista de contribuciones de Yugoslavia

Se ha recibido de la delegación de Yugoslavia la siguiente comunicación, de fecha 21 de agosto de 1989, con la petición de que se distribuya a todos los participantes. La comunicación contiene las contribuciones hechas por Yugoslavia de manera autónoma sobre los productos tropicales.

La Misión Permanente de la República Federativa Socialista de Yugoslavia ante la Oficina de las Naciones Unidas y otras Organizaciones Internacionales de Ginebra saluda a la Secretaría del GATT y tiene el honor de transmitirle la lista de contribuciones autónomas de Yugoslavia a la liberalización del comercio de productos tropicales, de conformidad con los objetivos establecidos en la Declaración Ministerial de Punta del Este.

La liberalización consiste en la eliminación del régimen llamado de importaciones condicionalmente liberalizadas (LBO) para una amplia gama de productos tropicales. Se han liberalizado (LB) también varios productos que anteriormente estaban sujetos a restricciones cuantitativas (Q) o a concesión de licencias (L), mientras que algunos productos han pasado del régimen de licencias de importación a la categoría de importaciones condicionalmente liberalizadas. La liberalización abarcaba también un gran número de productos de interés para los países en desarrollo menos adelantados.

Los cambios mencionados entraron en vigor en el primer semestre de 1989, tal como se notificó en el documento L/6486 y en sus adiciones.

Además, la adjunta lista de productos comprende las partidas arancelarias liberalizadas en mayo de 1988 que, en opinión del Gobierno Yugoslavo, deberían reconocerse también como contribuciones a la realización de los objetivos de la Ronda Uruguay.

Se señalan con un asterisco (*) los símbolos del régimen de importación correspondiente a los productos liberalizados en 1988.

EXPLANATORY

NOTES

LB - Liberalized imports

LBO - Conditionally liberalized imports - represents liberalized import but within the possible volume of payments, which is adjusted to the volume of import envisaged by the balance-of-payments of Yugoslavia. The extent of the possible volume of payments for conditionally liberalized imports is calculated on the basis of the effected imports of goods (except for import of equipment, import based on long-term production ventures, import based on investments by foreign persons in domestic organizations of associated labour) and invisible payments of every entity in the previous year. It is subject to revision depending on the export activity of every entity, on the basis of its quarterly performance.

L - Import licence

Q - Quota

S - Prior approval of the Federal Secretariat for Economic Relations the aim of which is to promote import from developing countries by direct purchase of products originated in those countries.
