

REPORT OF THE WORKING GROUP ON NOTIFICATION
OBLIGATIONS AND PROCEDURES

Addendum

Updating of the Listing of Notification Obligations and
the Compliance Therewith as set out in Annex III of the Working Group's Report

1. At its meeting on 15 October 1996, the Council for Trade in Goods considered the report of the Working Group on Notification Obligations and Procedures (G/L/112) and decided, *inter alia*, that the listing of notification obligations and the compliance therewith, contained in its Annex III, should be updated prior to the Singapore Ministerial meeting (G/C/M/14, paragraph 4.7).
2. Accordingly, this document reproduces Annex III of G/L/112, including the explanatory notes, and updates the listing of notifications set out therein to include all notifications of a regular or periodic nature received up to 31 October 1996.
3. As with the original listing, this information is drawn from the notifications which have been entered into the Central Registry of Notifications, as well as some additional notifications received but not yet entered into the CRN. The cut-off date of 31 October 1996 has no particular significance, but was chosen in order to present as recent a picture of the situation as possible. Further, this listing does not address the qualitative aspects of these notifications, that is, the extent to which the content of the submissions satisfies the informational requirements of the various obligations.

EXPLANATORY NOTES

1. This table sets out notification obligations of a regular/periodic nature (i.e. semi-annual, annual, biennial or triennial) and notifications required on a "one-time only" basis. It does not include ad hoc notifications, that is, those which must be provided only if a certain action is taken. It also does not include those regular/periodic or "one-time" notification obligations listed in document G/NOP/W/2/Rev.1, relating to Marks of Origin (page 50, item 8), Regional Arrangements (page 52, item 13 and page 55, item 7), Balance of Payments (page 54, item 5) and the Integrated Database (page 52, item 15).

2. The symbols used are as follows:
 - (a) "X" denotes that a notification has been received in the WTO. Subsequent addenda or corrections to notifications are not counted as additional notifications.
 - (b) A blank indicates that this is a requirement applicable to the Member concerned, but that no notification has been received up to the cut-off date.
 - (c) "NA" indicates that the requirement was not applicable for this WTO Member during the period covered by the Note.
 - (d) "0" indicates that no notification was received from the Member and that this is a requirement which is:
 - (i) applicable only to those Members maintaining the type of measure or taking the action in question but for which it was not possible to determine whether the Member maintained that type of measure or took the action in question;
 - or
 - (ii) permitting certain Members to take advantage of special treatment.

3. The abbreviations for the Agreements and Understandings shown in the column headings and their full titles are as follows:

<u>Column Heading</u>	<u>Agreement/Understanding Title</u>
Agriculture	Agreement on Agriculture
Textiles and Clothing	Agreement on Textiles and Clothing
Technical Barriers to Trade	Agreement on Technical Barriers to Trade

4. On 31 October 1996, there were 125 WTO Members. The list of WTO Members in the first column, however, comprises 110 names as the European Community and its 15 member States provide one notification for each of the respective requirements. In the case of Agriculture, Switzerland's notifications are taken to cover Liechtenstein as these two Members have a joint Schedule.
5. The following notes apply to specific agreements:

Agreement on Agriculture

- (a) Notifications may be submitted according to various bases (calendar, crop, fiscal years, etc.); the absence of a notification does not necessarily indicate an outstanding obligation as they may be due only later in 1996. However, the time limit for submission of MA:1 notifications has now passed for all Members.
- (b) For Tables MA:1 and MA:2 (Tariff and other quotas - Article 18.2), notifications are required only by Members with tariff and other quota commitments recorded in Section I-B (or Section I-A) of Part I of their Schedules for the products concerned.
- (c) For Table MA:5 (Special Safeguard - Articles 5.7 and 18.2) notifications are required only by Members having reserved the right to use the Special Safeguard provisions as indicated in Section I-A of Part I of Schedules.
- (d) For Table DS:1 (Domestic Support - Article 18.2), while all Members are required to notify, the least-developed country Members may notify every second year (indicated by the symbol (NA)), all others annually.
- (e) For Table ES:1 (Export Subsidies - Article 18.2), a notification is required by all Members whether or not a base or annual commitment level is shown in Section II of Part IV of their Schedule, i.e., a "nil" return is required.
- (f) For Table ES:2 (Total exports in the context of Export Subsidies - Articles 10 and 18.2), a notification is required only by Members with export subsidy reduction commitments shown in Section II of Part IV of Schedules and "significant exporters" as set out in G/AG/2/Add.1.
- (g) For Table ES:3 (Food Aid in the context of Export Subsidies - Articles 10 and 18.2) notification is required of all food aid donor Members unless this information is provided for under (e) above. No "nil return" is required from Members which do not provide food aid.
- (h) For Table NF:1 (Food and other aid in the context of the Decision - Article 16.2), notification is required by all donor Members in respect of actions taken within the framework of the Decision on Measures concerning the Possible Negative Effects of the Reform Programme on the Least-Developed and Net-Food Importing Developing Countries. No "nil return" is required from Members which do not provide food aid or other assistance to the countries concerned.

Agreement on Textiles and Clothing

- (a) Notifications under Article 2.1 were required only by Canada, the EC, Norway and the United States.

- (b) Notifications under Articles 2.6/2.7 were required only by Members which retained their right to use the transitional safeguard mechanism under Article 6.1 plus the four Members in (a) above.
- (c) Notifications under Article 3.1 were required only by Members which maintained restrictions on textile and clothing products other than those under the MFA.
- (d) Notifications under Article 6.1 indicating whether or not the Member wished to retain the right to use the transitional safeguard mechanism were required of all WTO Members except the four mentioned in (a) above.

Agreement on Trade-Related Investment Measures

- (a) Article 5.1 requires the notification of investment measures Members were applying that were not in conformity with the Agreement on a "one-time" basis within 90 days of the date of entry into force of the Agreement.
- (b) Article 6.2, also a "one-time" notification, is not yet operational, approval of an agreed standard format is pending.

Agreement on Implementation of Article VI of the GATT 1994 (Anti-dumping)

- (a) Notifications of anti-dumping actions taken must be supplied semi-annually, pursuant to Article 16.4. The report for the January-June 1995 period was due on 31 August 1995 and for the July-December 1995 period was due on 26 February 1996.
- (b) Full and integrated texts of laws and regulations were required on a "one-time" basis (Article 18.5).

Agreement on the Implementation of Article VII of the GATT 1994 (Customs Valuation)

- (a) Members that have made notifications are shown with an "X". "NA" indicates that the requirement is not applicable to this WTO Member.
- (b) As special and differential treatment, Article 20.1 permits some developing country Members to delay the application of this Agreement for up to five years. In addition, Article 20.2 permits some developing country Members to delay application of certain provisions for a further three years. Annex III in its paragraphs 2, 3 and 4 provides developing countries with the possibility of notifying certain reservations.
- (c) The notification of laws and regulations under Article 22.1 (or a communication indicating that the legislation notified under the Tokyo Round Agreement on Customs Valuation remains valid under the WTO Agreement on Customs Valuation) and response to the checklist of issues are "one-time" requirements of all Members.
- (d) The Decisions on the treatment of interest charges in the customs value of imported goods and on the valuation of carrier media bearing software for data processing equipment are "one-time" notification obligations for those Members choosing to apply these Decisions.

Agreement on Import Licensing

- (a) Those Members which have notified are shown with an "X". "NA" indicates that the requirement is not applicable to this WTO Member.
- (b) Certain developing country Members can defer the application of some provisions for not more than two years from the date of WTO Membership (Footnote 5 to Article 2.2).
- (c) Replies to the questionnaire on import licensing procedures are required of all Members by 30 September each year (Article 7.3).
- (d) All Members are required to notify the names of publications in which rules and information concerning import licensing procedures are published and to submit copies of such publications. All Members are required to notify the full text of their relevant laws and regulations (Articles 1.4(a)/8.2(b)).

Agreement on Rules of Origin

- (a) There are two "one-time" notification obligations in this Agreement, on existing non-preferential rules of origin (Article 5.1) and on existing preferential rules of origin (Annex II, paragraph 4). "X" denotes that a notification has been received.

Agreement on Subsidies and Countervailing Measures

- (a) The annual reports of subsidies are required not later than 30 June each year (Article 25.1) and where a Member considers that there are no measures requiring such notification, a "nil" return is necessary (Article 25.6). A new and full report on subsidies was due on 30 June 1995, and an updating report was due on 30 June 1996.
- (b) Notifications of countervailing duty actions taken must be supplied semi-annually pursuant to Article 25.11. Those for the January-June period of 1995 were due on 31 August 1995 and for the July-December 1995 period were due on 26 February 1996.
- (c) Two "one-time" notification requirements have not been included in the tables due to their limited applications: (i) subsidy programmes which are inconsistent with the Agreement (Article 28.1). These have been notified by Chile, Malaysia, Mauritius and South Africa; and (ii) subsidy programmes falling within the scope of Article 3 of the Agreement maintained by Members in the process of transformation into a market economy (Article 29.3). These have been notified by the Czech Republic, Hungary and Poland.
- (d) All Members are required to notify their laws and regulations pursuant to Article 32.6.

Agreement on Safeguards

- (a) Programmes to phase-out certain actions must be reported on a "one-time" basis by Members concerned (Article 11.2). Those Members that have notified such programmes are shown with an "X", all others with an "0".
- (b) All Members must notify their laws, regulations and administrative procedures (Article 12.6).

- (c) Members maintaining certain measures (Articles 10 and 11.1) must notify these on a "one-time" basis (Article 12.7). Members that have made such notifications are shown with an "X", all others with an "0".

GATT 1994 Article XVII:4(a) and the Understanding on the Interpretation of this Article

- (a) Members are required to notify state trading enterprises - the 1995 notification obligation was to submit new and full responses to the questionnaire on state trading (BISD 9S/184-185) not later than 30 June 1995. Where a Member considers that there are no activities requiring such notification, a "nil" return is necessary. The 1996 notification obligation is to submit updating notifications covering any changes since the new and full notification, and was due on 30 June 1996.

Agreement on Technical Barriers to Trade

- (a) All Members are required to notify on a "one-time" basis "measures in existence or taken to ensure the implementation and administration of this Agreement" (Article 15.2).
- (b) The notifications by standardizing bodies in the Member countries that have accepted the Code of Good Practice are indicated with "X"; others with an "0".

Agreement on Preshipment Inspection

- (a) Pursuant to Article 5, Members are required to notify the laws and regulations by which they put the Agreement into force, as well as other laws and regulations on this topic.

Decision on Notification Procedures for Quantitative Restrictions

- (a) On 1 December 1995, the Council for Trade in Goods agreed that "Members shall make complete notification of the quantitative restrictions which they maintain by 31 January 1996 and at two-yearly intervals thereafter ..." (G/L/59).
