## Council for Trade in Goods

### UPDATING OF THE LISTING OF NOTIFICATION OBLIGATIONS AND THE COMPLIANCE THEREWITH AS SET OUT IN ANNEX III OF THE REPORT OF THE WORKING GROUP ON NOTIFICATION OBLIGATIONS AND PROCEDURES

#### Revision

1. At its meeting on 15 October 1996, the Council for Trade in Goods considered the report of the Working Group on Notification Obligations and Procedures (G/L/112) and decided, *inter alia*, that the listing of notification obligations and the compliance therewith, contained in its Annex III, should be maintained on an on-going basis and circulated to all Members.
2. Accordingly Annex III of document G/L/112 has been repeatedly updated<sup>1</sup>. The present document updates the information, including the explanatory notes, and the listing of notifications to include all notifications of a regular or periodic nature up to 31 December 2009.
3. It should be noted that this listing does not address the qualitative aspects of these notifications, that is, the extent to which the content of the submissions satisfies the informational requirements of the various obligations or affects the rights and obligations of Members.
4. The present revision also incorporates the technical changes to the document which were circulated to Members for comment on 27 April 2004. As noted by the Chairman<sup>2</sup>, the suggested changes were purely of a technical nature, intended to take account of developments that had occurred since the notifications document was first circulated. This understanding was formalised at the meeting of the CTG on 5 July 2004.

---

<sup>1</sup> Previous updates have been circulated in G/L/112/Add.1, Add.2, G/L/223 and Corr.1, G/L/223/Rev.1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16.

<sup>2</sup> In the cover note to the amended document, dated 27 April 2004, and in his statement to Members in the CTG meeting of 27 April 2004 under Other Business (G/C/M/73).

### EXPLANATORY NOTES

1. This table sets out notification obligations of a regular/periodic nature (i.e. semi-annual, annual, biennial or triennial) and notifications required on a "one-time only" basis. It does not include ad hoc notifications, that is, those which must be provided only if a certain action is taken. It also does not include those regular/periodic or "one-time" notification obligations listed in document G/NOP/W/2/Rev.1, relating to Marks of Origin, Regional Arrangements, Balance of Payments and the Integrated Database.
2. The symbols used, in general, are as follows. There may be additional specifications provided in the notes pertaining to the specific agreements:
  - (a) "X" denotes that a notification has been received in the WTO. Subsequent addenda or corrections to notifications are not counted as additional notifications.
  - (b) A blank indicates that this is a requirement applicable to the Member concerned, but that no notification has been received up to the cut-off date.
  - (c) "NA" indicates that the requirement is not applicable at all or that it was not applicable for this Member during the period covered by the Note.
  - (d) "0" indicates that no notification was received from the Member and that this is a requirement which is:
    - (i) applicable only to those Members maintaining the type of measure or taking the action in question but for which it was not possible to determine whether the Member maintained that type of measure or took the action in question;
    - or
    - (ii) permitting certain Members to take advantage of special treatment.

However, the 10 Member States<sup>3</sup> that joined the EU on 5 January 2004 and the 2 Member States that joined the EU on 1 January 2007<sup>4</sup> are considered separately in certain tables in order to provide information on the period preceding the EC enlargement. In the case of Agriculture, Switzerland's notifications are taken to cover Liechtenstein as these two Members have a joint Schedule.

6. The following notes apply to specific agreements:

#### Agreement on Agriculture

- (a) Notifications are to be submitted according to the relevant annual implementation bases as specified in Schedules (e.g., calendar, crop, fiscal "years" as appropriate; see also G/AG/W/2/Rev.4). In each case the annual notifications are required to be submitted no later than a certain number of days following the end of the "year" in question. These deadlines are indicated below in brackets (for more detail see relevant sections of G/AG/2).

The time limits for all notifications concerning the 1995-2007 implementation years have now passed hence outstanding notifications can be precisely identified. The table concerning the 2008 implementation year is provided for information only and does not necessarily indicate that the notifications are now due.

<sup>3</sup> Cyprus, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, Slovak Republic, Slovenia.

<sup>4</sup> Bulgaria and Romania.

- (b) "Comprehensive one-off" Table MA:1 notifications (Administration of tariff and other quota commitments; Article 18.2 – 30 days) were required to have been submitted by all Members with tariff and other quota commitments, either in advance of, or within 30 days of, the first opening of the quotas concerned; any subsequent changes to the administration of quotas within 30 days. Where the comprehensive Table MA:1 notifications have been revised or supplemented, this is indicated by an asterisk in the relevant column.
- (c) Table MA:2 notifications (Imports under tariff and other quotas; Article 18.2 – 60 days) are required to be submitted annually by Members with tariff and other quota commitments specified in Section I-B (or Section I-A) of Part I of their Schedules for the products concerned.
- (d) Table MA:5 notifications (Special Safeguard; Articles 5.7 and 18.2 – 30 days) are required to be submitted annually by Members having reserved the right to use the Special Safeguard provisions as indicated in Section I-A of Part I of Schedules.
- (e) Table DS:1 notifications (Domestic Support; Article 18.2 – 90 days or 120 days if the initial notification is provisional) are required to be submitted annually by Members with base and annual commitment levels specified in Section I of Part IV of their Schedules. All other Members should submit an annual Table DS:1 notification, provided that in the case of a developing country Member only Supporting Tables DS:1 to DS:3 may be required to be submitted annually (see G/AG/2, page 11). Least-developed country Members should submit Supporting Tables DS:1 to DS:3 every other year only (indicated by the symbol (NA)).
- (f) Table ES:1 notifications (Export Subsidies - Article 18.2 – 60 days or 120 days if the initial notification is provisional) are required to be submitted annually by Members with base and annual commitment levels specified in Section II of Part IV of their Schedules. Members with no such scheduled commitments are required to submit a notification annually (30 days) in the form of a statement confirming that no export subsidies exist or, in the case of developing country Members using certain export subsidies pursuant to Article 9.4, in the form of Supporting Table ES:2.
- (g) Table ES:2 notifications (Total exports in the context of Export Subsidies - Articles 10 and 18.2 – 120 days) are required to be submitted by Members with export subsidy reduction commitments shown in Section II of Part IV of Schedules and "significant exporters" as set out in G/AG/2/Add.1.
- (h) Table ES:3 notifications (Total Volume of Food Aid in the context of Export Subsidies - Articles 10 and 18.2 – 120 days) are required to be submitted annually by all donor Members (unless this information must be notified under Table ES:1 above). No "nil return" is required from Members which do not provide food aid.
- (i) Table NF:1 notifications (Food and other aid in the context of the Decision – Article 16.2 – 60 days) are required to be submitted annually by all donor Members in respect of actions taken within the framework of the Decision on Measures concerning the Possible Negative Effects of the Reform Programme on the Least-Developed and Net-Food Importing Developing Countries. No "nil return" is required from Members which do not provide food aid or other assistance to the countries concerned.

Requirements are shown in fourteen tables referring to the 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006 2007 and 2008 implementation years respectively (the "one-off" MA:1 notification requirement is shown only in the 2008 table).

#### Agreement on Trade-Related Investment Measures

- (a) Article 5.1 requires the notification of trade-related investment measures Members were applying that were not in conformity with the Agreement on a "one-time" basis within 90 days of the date of entry into force of the WTO Agreement. An agreed standard format for the submission of these notifications appears in document G/TRIMS/1. Pursuant to decision adopted by the General Council in April 1995 (WT/L/64) states and separate customs territories eligible to become original Members of the WTO that accepted the WTO Agreement after 1 January 1995 had a period of 90 days after the date of their acceptance of the WTO Agreement to make notifications under Article 5.1 of the TRIMs Agreement.

While there is no obligation to do so, some Members have submitted notifications indicating that they do not apply any TRIM inconsistent with the Agreement.
- (b) Article 5.5 requires the notification of the application of trade-related investment measures notified under Article 5.1 to new investments during the transition period provided for in Article 5.2. A standard format for such notifications has been developed (G/TRIMS/3) but no notifications have been received so far under this provision.
- (c) Article 6.2 requires the notification of publications in which TRIMs may be found. A decision has been adopted on the procedure for the implementation of this requirement (G/TRIMS/5) and semi-annual reminders are being sent to Members to remind them of this notification obligation. Document G/TRIMS/N/2/ Rev.19 lists the notifications received under this provision.
- (d) Pursuant to the Ministerial Declaration and Decision adopted on 18 December 2005 at the Sixth Session of the Ministerial Conference, Least-Developed Countries (LDCs) are allowed to maintain on a temporary basis existing measures that deviate from their obligations under the TRIMs Agreement. For this purpose, LDCs were required to notify the CTG of such measures within two years, starting 30 days after the date of this Declaration. The Decision also allows LDCs to introduce new measures that deviate from their obligations under the TRIMs Agreement. These new TRIMs are required to be notified to the CTG no later than six months after their adoption (WT/MIN/(05)DEC. Annex F). No notifications have been received so far under this Decision.

#### Agreement on Implementation of Article VI of the GATT 1994 (Anti-dumping)

- (a) Each Member shall notify the Committee on Anti-Dumping Practices ("the Committee") which of its authorities are competent to initiate and conduct investigations and its domestic procedures governing the initiation and conduct of such investigations (Article 16.5).
- (b) Notifications regarding all *ad hoc* preliminary or final anti-dumping actions taken by Members must be submitted to the Committee without delay (Article 16.4). The Committee has adopted a revised minimum information format for that purpose in 2006, which was subsequently revised in 2009 and circulated in document

G/ADP/2/Rev.2 (21 October 2009). In addition, notifications pertaining to anti-dumping actions must be supplied semi-annually (Article 16.4). The Committee has adopted a revised format for such reports, in document G/ADP/1/Rev.1 (27 October 2008), to replace the original format as of the reporting period January-June 2009. The report for the period January-June of any given year is due in late August of that year. The report for the period July-December of any given year is due in late February, early March of the following year. The Secretariat circulates, in January and July of each year, requests for the submission of these semi-annual reports, setting forth the applicable deadlines for reporting. Following such requests and few days prior to such applicable deadlines, the Secretariat issues reminders to draw Members' attention to the approaching deadlines. It is to be noted that the Committee has also adopted a new notification format pursuant to Articles 16.4 and 16.5 of the Agreement, or what is known as the "one-time notification format" to be used by Members that never established an authority competent of initiating and conducting an investigation, never taken any anti-dumping actions in the past, and do not intend to take such actions in the foreseeable future. This type of notification, once submitted by the Member concerned, would remain valid until further notice and such Member would not need to submit any other notifications pursuant to Articles 16.4 and 16.5 until such time when such circumstances change.

- (c) All Members must notify their laws, regulations and administrative procedures relevant to anti-dumping (Article 18.5). A decision of the Committee clarifies that Members should submit, in a working language of the WTO, the full text of such laws and regulations, and Members which have no such laws or regulations should notify the Committee of that fact (G/ADP/N/1, 30 January 1995).
- (d) The Committee has also adopted a decision on 21 October 2009 indicating that all Members shall submit all their anti-dumping notifications in an electronic form.

Agreement on the Implementation of Article VII of the GATT 1994 (Customs Valuation)

- (a) Members that have made notifications are shown with an "X". "NA" indicates that the requirement is not applicable to this WTO Member.
- (b) As special and differential treatment, Article 20.1 permits some developing country Members to delay the application of this Agreement for up to five years. In addition, Article 20.2 permits some developing country Members to delay application of certain provisions for a further three years. Annex III in its paragraphs 2, 3 and 4 provides developing countries with the possibility of notifying certain reservations.
- (c) The notification of laws and regulations under Article 22.1 and the Decision on Notification and Circulation of National Legislation in Accordance with Article 22 of the Agreement (or a communication indicating that the legislation notified under the Tokyo Round Agreement on Customs Valuation remains valid under the WTO Agreement on Customs Valuation) and response to the checklist of issues are "one-time" requirements of all Members.
- (d) With regard to the notification requirement for the checklist of issues under the Agreement on Customs Valuation, Members who had notified the checklist under the Tokyo Round Agreement must notify the WTO Committee that this checklist is still valid<sup>5</sup>. Members which have not done so will have a blank space under this column.

---

<sup>5</sup> See G/VAL/5, p.6, B.3(ii) which refers to G/VAL/M/1, paragraphs 36-39.

- (e) The Decisions on the treatment of interest charges in the customs value of imported goods and on the valuation of carrier media bearing software for data processing equipment are "one-time" notification obligations for those Members choosing to apply these Decisions.

#### Agreement on Import Licensing Procedures

- (a) Those Members which have notified are shown with an "X". "NA" indicates that the requirement is not applicable to this WTO Member. More detailed information on notifications is contained in the latest annual report of the Committee on Import Licensing.
- (b) Certain developing country Members can defer the application of some provisions for not more than two years from the date of WTO Membership (Footnote 5 to Article 2.2).
- (c) All Members are required to provide replies to the questionnaire on import licensing procedures by 30 September each year (Article 7.3). The table indicates the years in which notifications have been received.
- (d) All Members are required to notify the names of publications in which rules and information concerning import licensing procedures are published and to submit copies of such publications. All Members are required to notify the full text of their relevant laws and regulations (Articles 1.4(a)/8.2(b)).

#### Agreement on Rules of Origin

- (a) There are two "one-time" notification obligations in this Agreement, on existing non-preferential rules of origin (Article 5.1) and on existing preferential rules of origin (Annex II, paragraph 4). "X" denotes that a notification has been received.

#### Agreement on Subsidies and Countervailing Measures

- (a) The annual notifications on subsidies are required not later than 30 June each year (Article 25.1). In May 2001, the Committee on Subsidies and Countervailing Measures reached an understanding that new and full notifications would be submitted and reviewed every two years, while de-emphasizing the review of updating notifications in the intervening years. The Committee has adopted a revised format for subsidy notifications (G/SCM/6/Rev.1). Where a Member considers that there are no measures requiring such notification, a "nil" return is necessary (Article 25.6).
- (b) Each Member shall notify the Committee of its authorities competent to initiate and conduct countervailing duty investigations and of its domestic procedures governing the initiation and conduct of such investigations (Article 25.12).
- (c) Notifications of all *ad hoc* preliminary or final countervailing actions taken by Members must be submitted to the Committee without delay (Article 25.11). The Committee has adopted a revised format for the minimum information to be submitted in connection with such notifications (G/SCM/3/Rev.1, 2 November 2009). In addition, notifications pertaining to countervailing duty actions taken must be made semi-annually pursuant to Article 25.11. The Committee has adopted a revised format for such reports (G/SCM/2/Rev.1, 2 November 2009). The report for

the period January-June of any given year is generally due in late August of that year. The report for the period July-December of any given year is generally due in late February of the following year. The Secretariat circulates, in January and July of each year, requests for the submission of these semi-annual reports, setting forth the applicable deadlines for reporting. The Committee has also adopted a one-time notification format pursuant to Articles 25.11 and 25.12 of the Agreement for those Members that have not established an investigating authority, have not taken a countervailing action and do not anticipate taking one in the foreseeable future. The format for such notifications is found in document G/SCM/129. Members submitting a one-time notification would not need to submit notifications under Articles 25.11 and 25.12 until circumstances justifying the use of the one-time notification change.

- (d) All Members must notify their laws, regulations and administrative procedures relevant to the SCM Agreement (Article 32.6). A decision of the Committee clarifies that Members should submit, in a working language of the WTO, the full text of such laws or regulations, and Members which have no such laws or regulations should notify the Committee of that fact (G/SCM/N/1, 30 January 1995).

#### Agreement on Technical Barriers to Trade

- (a) All Members are required to notify on a "one-time" basis "measures in existence or taken to ensure the implementation and administration of this Agreement" (Article 15.2).
- (b) The notifications by standardizing bodies in the Member countries that have accepted the Code of Good Practice are indicated with "X". The obligation to notify applies to standardizing bodies directly.

#### Agreement on Safeguards<sup>6</sup>

- (a) All Members must notify their laws, regulations and administrative procedures (Article 12.6).
- (b) All Members that take certain actions on safeguards must "immediately" notify such actions to the Committee (Article 12.1).

#### GATT 1994 Article XVII:4(a) and the Understanding on the Interpretation of this Article

- (a) Article XVII:4 of GATT 1994, and paragraph 1 of the Understanding on the Interpretation of Article XVII of GATT 1994 (the Understanding) require all Members to notify their state trading enterprises to the Council for Trade in Goods. New and full notifications were first required in 1995 and, subsequently, every third year thereafter, while updating notifications were to be made in the intervening years. On 11 November 2003, the Working Party on State Trading Enterprises, recommended that the frequency of notifications be changed to new and full notifications on state trading being due every two years instead of every three years and eliminating the requirement for updating notifications. On 26 November 2003, the Council for Trade in Goods approved this change which was to take effect as of the year 2004. In 2008, the Working Party reviewed the situation of compliance with the notification obligation and adopted, on 3 October 2008, a recommendation, approved by the Council for Trade

---

<sup>6</sup> Since any measures referred to in Articles 10 and 11.1 of the Safeguards Agreement should have expired by 1 January 2000, information concerning these items (a), (c) and (d) are no longer reported in this document. The relevant information was last recorded in document G/L/223/Rev.5.

on Goods on 18 November 2008, extending the application of this frequency of notifications for two additional years until 30 June 2010.

- (b) Notifications of state trading enterprises are made in accordance with the format provided in the Questionnaire on State Trading (G/STR/3/Rev.1). Where a Member considers that there are no activities requiring such notification, a "nil" return is necessary.

#### Agreement on Preshipment Inspection

- (a) Pursuant to Article 5, Members are required to notify the laws and regulations by which they put the Agreement into force, as well as other laws and regulations on this topic.

#### Decision on Notification Procedures for Quantitative Restrictions

- (a) On 1 December 1995, the Council for Trade in Goods agreed that "Members shall make complete notification of the quantitative restrictions which they maintain by 31 January 1996 and at two-yearly intervals thereafter ..." (G/L/59).
- (b) In addition, the Decision calls for Members to notify the "fact" that notifications of quantitative restrictions have been made under other WTO provisions. Such information is requested on the last page of the notification form, including the WTO document reference in which this notification can be found (see G/MA/NTM/QR/2).

#### Agreement on the Application of Sanitary and Phytosanitary Measures

There are two "one-time" notification obligations in the SPS Agreement. All Members are required to notify an "enquiry point" as provided in paragraph 3 of Annex B and a "national notification authority" as provided in paragraph 10 of Annex B. The reference document regarding the implementation of these obligations by Members is the latest revision of G/SPS/GEN/27.

#### Central Registry of Notifications

The Central Registry of Notifications was established in 1995 under the Marrakesh Ministerial "Decision on Notification Procedures". Essentially an internal WTO computer database, the CRN records all notifications received by the organization from Members and provides descriptive information on each notification submitted. The CRN is also used to manage the annual calls for notifications from Members and to claim outstanding submissions of regular notifications for the current year (regular notifications are those for which the Secretariat is able to determine that an obligation exists to notify within a given period).

A specific procedure for the submission and processing of notifications has been established by the Secretariat and has been publicised in WT/INF/25 - Central Registry of Notifications (CRN), dated 8 June 2000.

#### WTO notifications data on the Internet

- You can search for and consult all notifications in the trilingual web document dissemination facility, *Documents online*. Since notification documents are unrestricted, Members can use either the public version of *Documents online* on the WTO web site (<http://docsonline.wto.org/>) or the restricted version of the database, available by password only, on the WTO Members' site (<http://members.wto.org/members/>). To facilitate the

consultation of notification documents, a new search interface has been developed within *Documents online* which permits the retrieval of documents by notification requirement and trade coverage.

- A special Notifications section on the Members' site provides detailed information on the operation of the CRN and also gathers together basic sources of information on specific notification obligations and procedures  
([http://members.wto.org/WTO\\_resources/notifications/site\\_sources\\_e.htm](http://members.wto.org/WTO_resources/notifications/site_sources_e.htm))
- The WTO web site also provides basic information on notification procedures under the respective trade topics for the general public, with the possibility of performing direct searches of *Documents online* for specific notification documents.

<sup>17</sup> This table indicates Members who have notified TRIMs under Article 5.1; it does not indicate Members which have notified that they do not apply any TRIM inconsistent with the Agreement as there is no obligation to submit such notifications. It should be noted that the notifications in this Table were made in 1995 and that the transition periods for the elimination of notified measures expired at the end of 1999 and in some cases at the end of 2003. Thus the list of notifications should not be interpreted as a list of measures in force.
