

Council for Trade in Goods

**UPDATING OF THE LISTING OF NOTIFICATION OBLIGATIONS AND
THE COMPLIANCE THEREWITH AS SET OUT IN ANNEX III OF THE REPORT
OF THE WORKING GROUP ON NOTIFICATION OBLIGATIONS AND PROCEDURES**

Revision

1. At its meeting on 15 October 1996, the Council for Trade in Goods considered the report of the Working Group on Notification Obligations and Procedures (G/L/112) and decided, *inter alia*, that the listing of notification obligations and the compliance therewith, contained in its Annex III, should be updated prior to the Singapore Ministerial Meeting and should be maintained on an on-going basis and circulated semi-annually to all Members thereafter.
2. Accordingly Annex III of document G/L/112 has been repeatedly updated¹. The present document updates the information, including the explanatory notes, and the listing of notifications to include all notifications of a regular or periodic nature received up to 31 December 1998.
3. It should be noted that this listing does not address the qualitative aspects of these notifications, that is, the extent to which the content of the submissions satisfies the informational requirements of the various obligations.

¹ Previous updates have been circulated in G/L/112/Add.1, Add.2, G/L/223 and Corr.1 and G/L/223/Rev.1.

EXPLANATORY NOTES

1. This table sets out notification obligations of a regular/periodic nature (i.e. semi-annual, annual, biennial or triennial) and notifications required on a "one-time only" basis. It does not include ad hoc notifications, that is, those which must be provided only if a certain action is taken. It also does not include those regular/periodic or "one-time" notification obligations listed in document G/NOP/W/2/Rev.1, relating to Marks of Origin (page 50, item 8), Regional Arrangements (page 52, item 13 and page 55, item 7), Balance of Payments (page 54, item 5) and the Integrated Database (page 52, item 15).
2. The symbols used, in general, are as follows. There may be additional specifications provided in the notes pertaining to the specific agreements:
 - (a) "X" denotes that a notification has been received in the WTO. Subsequent addenda or corrections to notifications are not counted as additional notifications.
 - (b) A blank indicates that this is a requirement applicable to the Member concerned, but that no notification has been received up to the cut-off date.
 - (c) "NA" indicates that the requirement was not applicable for this Member during the period covered by the Note.
 - (d) "0" indicates that no notification was received from the Member and that this is a requirement which is:
 - (i) applicable only to those Members maintaining the type of measure or taking the action in question but for which it was not possible to determine whether the Member maintained that type of measure or took the action in question;
 - or
 - (ii) permitting certain Members to take advantage of special treatment.
3. The abbreviations for the Agreements and Understandings shown in the column headings and their full titles are as follows:

4. On 31 December 1998, there were 133 WTO Members. The list of WTO Members in the first column, however, comprises 118 names as the European Community and its 15 member States provide one notification for each of the respective requirements. In the case of Agriculture, Switzerland's notifications are taken to cover Liechtenstein as these two Members have a joint Schedule.
5. The following notes apply to specific agreements:

Agreement on Agriculture

- (a) For Tables MA:1 and MA:2 (Tariff and other quotas - Article 18.2), notifications are required only by Members with tariff and other quota commitments recorded in Section I-B (or Section I-A) of Part I of their Schedules for the products concerned.
- (b) For Table MA:5 (Special Safeguard - Articles 5.7 and 18.2) notifications are required only by Members having reserved the right to use the Special Safeguard provisions as indicated in Section I-A of Part I of Schedules.
- (c) For Table DS:1 (Domestic Support - Article 18.2), while all Members are required to notify, the least-developed country Members may notify every second year (indicated by the symbol (NA)), all others annually. As no least-developed country Members notified domestic support measures for the 1995 implementation year, all are required to do so for the 1996 implementation year with the exception of those that only became Members during 1996 (who must make their first notification for 1997 at the latest).
- (d) For Table ES:1 (Export Subsidies - Article 18.2), a notification is required by all Members whether or not a base or annual commitment level is shown in Section II of Part IV of their Schedule, i.e., a "nil" return is required.
- (e) For Table ES:2 (Total exports in the context of Export Subsidies - Articles 10 and 18.2), a notification is required only by Members with export subsidy reduction commitments shown in Section II of Part IV of Schedules and "significant exporters" as set out in G/AG/2/Add.1.
- (f) For Table ES:3 (Food Aid in the context of Export Subsidies - Articles 10 and 18.2) notification is required of all food aid donor Members unless this information is provided for under (e) above. No "nil return" is required from Members which do not provide food aid.
- (g) For Table NF:1 (Food and other aid in the context of the Decision - Article 16.2), notification is required by all donor Members in respect of actions taken within the framework of the Decision on Measures concerning the Possible Negative Effects of the Reform Programme on the Least-Developed and Net-Food Importing Developing

Countries. No "nil return" is required from Members which do not provide food aid or other assistance to the countries concerned.

Requirements are shown in three tables referring to the 1995, 1996 and 1997 implementation years respectively (the "one-off" MA:1 notification requirement is shown only in the 1997 table). The symbols used in the table are as follows:

A blank indicates that this is a requirement applicable to the Member concerned but that no notification was received up to the cut-off date. Notifications may be submitted according to various bases (calendar, crop, fiscal years, etc.). The time limits for the submission of the "one-off" MA:1 notifications and all notifications concerning the 1995, 1996 and 1997 implementation years have now passed for all Members.

Agreement on Textiles and Clothing

- (a) Notifications under Article 2.1 were required only by Canada, the European Community, Norway and the United States.
- (b) Notifications under Articles 2.6/2.7 (first integration stage) and Articles 2.8(a)/2.11 (second integration stage) were required only by Members which retained their right to use the transitional safeguard mechanism under Article 6.1 plus the four Members in (a) above.
- (c) Notifications under Article 3.1 were required only by Members which maintained quantitative restrictions on textile and clothing products, other than those under the MFA.
- (d) Notifications under Article 6.1 indicating whether or not the Member wished to retain the right to use the transitional safeguard mechanism were required of all WTO Members except the four mentioned in (a) above.

Agreement on Trade-Related Investment Measures

- (a) Article 5.1 requires the notification of trade-related investment measures Members were applying that were not in conformity with the Agreement on a "one-time" basis within 90 days of the date of entry into force of the WTO Agreement. An agreed standard format for the submission of these notifications appears in document G/TRIMS/1. Pursuant to decision adopted by the General Council in April 1995 (WT/L/64) states and separate customs territories eligible to become original Members of the WTO that accepted the WTO Agreement after 1 January 1995 had a period of 90 days after the date of their acceptance of the WTO Agreement to make notifications under Article 5.1 of the TRIMs Agreement.
- (b) Article 5.5 requires the notification of the application of trade-related investment measures notified under Article 5.1 to new investments during the transition period provided for in Article 5.2. A standard format for such notifications has been developed (G/TRIMS/3) but no notifications have been received so far under this provision.
- (c) Article 6.2 requires the notification of publications in which TRIMs may be found. A decision has been adopted on the procedure for the implementation of this requirement (G/TRIMS/5). Document G/TRIMS/N/2/Rev.4 lists the notifications received under this provision.

Agreement on Implementation of Article VI of the GATT 1994 (Anti-dumping)

- (a) Notifications on anti-dumping actions taken must be supplied semi-annually, pursuant to Article 16.4. The report for the January-June 1997 period was due on 29 August 1997. The report for the July-December 1997 period was due on 27 February 1998. The report for the January-June 1998 period was due on 31 August 1998.
- (b) All Members must notify their laws, regulations and administrative procedures (Article 18.5).

Agreement on the Implementation of Article VII of the GATT 1994 (Customs Valuation)

- (a) Members that have made notifications are shown with an "X". "NA" indicates that the requirement is not applicable to this WTO Member.
- (b) As special and differential treatment, Article 20.1 permits some developing country Members to delay the application of this Agreement for up to five years. In addition, Article 20.2 permits some developing country Members to delay application of certain provisions for a further three years. Annex III in its paragraphs 2, 3 and 4 provides developing countries with the possibility of notifying certain reservations.
- (c) The notification of laws and regulations under Article 22.1 (or a communication indicating that the legislation notified under the Tokyo Round Agreement on Customs Valuation remains valid under the WTO Agreement on Customs Valuation) and response to the checklist of issues are "one-time" requirements of all Members.
- (d) The Decisions on the treatment of interest charges in the customs value of imported goods and on the valuation of carrier media bearing software for data processing equipment are "one-time" notification obligations for those Members choosing to apply these Decisions.

Agreement on Import Licensing Procedures

- (a) Those Members which have notified are shown with an "X". "NA" indicates that the requirement is not applicable to this WTO Member.
- (b) Certain developing country Members can defer the application of some provisions for not more than two years from the date of WTO Membership (Footnote 5 to Article 2.2).
- (c) All Members are required to provide replies to the questionnaire on import licensing procedures by 30 September each year (Article 7.3). The table indicates the years in which notifications have been received.
- (d) All Members are required to notify the names of publications in which rules and information concerning import licensing procedures are published and to submit copies of such publications. All Members are required to notify the full text of their relevant laws and regulations (Articles 1.4(a)/8.2(b)).

Agreement on Rules of Origin

- (a) There are two "one-time" notification obligations in this Agreement, on existing non-preferential rules of origin (Article 5.1) and on existing preferential rules of origin (Annex II, paragraph 4). "X" denotes that a notification has been received.

Agreement on Subsidies and Countervailing Measures

- (a) The annual notifications on subsidies are required not later than 30 June each year (Article 25.1). Where a Member considers that there are no measures requiring such notification, a "nil" return is necessary (Article 25.6). The first new and full notification on subsidies was due on 30 June 1995, and updating notifications were due on 30 June 1996 and on 30 June 1997. A second new and full notification was due on 30 June 1998. All Members are required to submit, as their first notification on subsidies, a new and full notification.
- (b) Notifications of countervailing duty actions taken must be made semi-annually pursuant to Article 25.11. Those for the January-June 1997 period were due on 29 August 1997. Those for the July-December 1997 period were due on 27 February 1998.
- (c) All Members are required to notify, on a one-time basis, their laws and regulations pursuant to Article 32.6.

Agreement on Technical Barriers to Trade

- (a) All Members are required to notify on a "one-time" basis "measures in existence or taken to ensure the implementation and administration of this Agreement" (Article 15.2).
- (b) The notifications by standardizing bodies in the Member countries that have accepted the Code of Good Practice are indicated with "X"; others with an "0".

Agreement on Safeguards

- (a) Timetables to phase-out certain actions were to have been reported on a "one-time" basis by Members concerned not later than 30 June 1995 (Article 11.2). Those Members that have notified such timetables are shown with an "X". Those Members having made nil notifications of Article 11.1 measures (see (d) below) are shown with an "N/A".
- (b) All Members must notify their laws, regulations and administrative procedures (Article 12.6).
- (c) Members maintaining certain measures (Articles 10 and 11.1) must notify these on a "one-time" basis (Article 12.7). Members that have made such notifications are shown with an "X", and those that have made no such notification with a "0". (As provided for in the general Explanatory Notes to this document, in the context of pre-existing Article 10 and 11.1 measures the symbol "0" signifies that the notification obligation applies only to Members maintaining such measures, and that no notification of such measures has been received from the Member in question. This symbol in no way indicates that the Member in question maintains such measures, nor that the Member has failed to comply with the notification obligation).

- (d) "*" indicates Members having made "nil notifications" under Article 12.7 of pre-existing Article XIX measures (Article 10 of the Safeguards Agreement) or pre-existing "grey area" measures (Article 11.1 of the Safeguards Agreement). Such nil notifications are not required.

GATT 1994 Article XVII:4(a) and the Understanding on the Interpretation of this Article

- (a) Members are required to notify state trading enterprises - the 1995 notification obligation was to submit new and full responses to the questionnaire on state trading (BISD 9S/184-185) not later than 30 June 1995. Where a Member considers that there are no activities requiring such notification, a "nil" return is necessary. The 1996 notification obligation was to submit updating notifications covering any changes since the new and full notification, due on 30 June 1996 and 30 June 1997. A second new and full notification was due on 30 September 1998.
- (b) All Members are required to submit, as their first notification, a new and full response to the questionnaire on state trading.

Agreement on Preshipment Inspection

- (a) Pursuant to Article 5, Members are required to notify the laws and regulations by which they put the Agreement into force, as well as other laws and regulations on this topic.

Decision on Notification Procedures for Quantitative Restrictions

- (a) On 1 December 1995, the Council for Trade in Goods agreed that "Members shall make complete notification of the quantitative restrictions which they maintain by 31 January 1996 and at two-yearly intervals thereafter ..." (G/L/59).
