

Committee on Sanitary and Phytosanitary Measures

RESEARCH AND RESEARCHERS ON PRIVATE STANDARDS

Note by the Secretariat¹

Attached is a list of organizations that, according to publicly available information, are active in research on the effects of private standards. This list has been prepared by the Standards and Trade Development Facility (STDF) to help Members identify studies or organizations that may assist them in determining the effects of SPS-related private standards on trade and development, particularly in the context of the questionnaire circulated as document G/SPS/W/232. This list is for information only. The Secretariat is in no way responsible for the work undertaken by these organizations and does not endorse the organizations or their work.

The Secretariat is eager to receive additional information on other organizations active in research on this topic. Members are invited to submit additional information at: STDFSecretariat@wto.org. On the basis of the information received, the list overleaf will be updated. Members may consult the list at <http://www.standardsfacility.org>.

¹ This document has been prepared under the Secretariat's own responsibility and is without prejudice to the positions of Members or to their rights or obligations under the WTO.

UNIDO	private.standards@unido.org	<p>The United Nations Industrial Development Organization (UNIDO) recently initiated a project to develop an inventory of private standards relevant to selected manufacturing sectors together with a producer's guidebook. The focus is on private standards in general, rather than just in the area of food products. For more details see: http://www.unido.org/index.php?id=5815</p>
World Bank	<p>Steven Jaffee Lead Economist sjaffee@worldbank.org</p> <p>John Lamb Agribusiness Specialist jlamb@worldbank.org</p>	<p>Information on the World Bank's project on "Challenges and Opportunities Associated with International Agro-Food Standards", including ten country case studies, industrialized country buyer surveys and other information is available (in English) at: http://web.worldbank.org/WBSITE/EXTERNAL/TOPICS/TRADE/0,,contentMDK:20334931~menuPK:634021~pagePK:148956~piPK:216618~theSitePK:239071,00.html</p>

II. OTHER ORGANIZATIONS RESEARCHING THE IMPACT OF PRIVATE STANDARDS

Organization	Researchers	Examples of Research Work
Africa Observer Network	Dr. Johannes Kern Africa Observer, Ambassador for Smallholders in Developing Countries johannes.kern@africa-observer.info or info@africa-observer.info	<p>The Africa Observer project started in 2007. It receives support from the UK Department for International Development (DFID) the German Society for Technical Cooperation (GTZ) GlobalGAP, the Netherlands Foreign Ministry, DFPT South Africa; and SMH projects Ltd., UK. The aim of the project is to incorporate different stakeholder views and experience related to GlobalGAP implementation in smallholder agriculture worldwide; and to consider options for the next revision of the GlobalGAP standard. Topics for consideration include:</p> <ul style="list-style-type: none"> • GlobalGAP Control Points and Compliance Criteria; • GlobalGAP General Regulations – especially certification options 1, 2 and possibly further options relevant to producer groups; • The Quality Management System requirements of option 2 certification. <p>A Smallholder Task Force has also been established. Members of the Taskforce include: Ruth Nyaga, Kenya, Managing Director of AfriCert; Kevin Maart, South Africa, Development Co-ordinator for emerging farmers at the Deciduous Fruit Producers' Trust (DFPT); Babacar Samb, Senegal, Managing Director of Bioscope; Kofi Biney, Ghana, GTZ Technical Advisor; Dr. Andrew Graffham, UK, Natural Resources Institute (NRI); and Steve Homer, UK, Managing Director of SMH projects Limited.</p> <p>Further information available at: http://www.africa-observer.info</p>
Agrifoodstandards.net	http://www.agrifoodstandards.net	<p>The Agrifoodstandards.net website contains useful sources on small-scale producers and standards in agrifood supply chains, including the "Fresh Insights and Fresh Perspectives" series (in English): http://www.agrifoodstandards.net</p>
ComMark Trust	Jennifer Rathebe jennifer@commark.org	<p>ComMark Trust runs a Private Standards Innovation Fund to assists Southern African agri-business firms meet private standards. ComMark runs an Innovation Fund awards grants to regional producer groups, private firms, industry associations and agencies to assist them to overcome specific certification or standards issues that prevent them from supplying high-value, formal markets such as international and regional supermarket chains. ComMark is also organizing workshops looking at policy questions related to private standards. For more information see: http://www.commark.org/</p>

Organization	Researchers	Examples of Research Work
ISEAL	http://www.isealalliance.org/ info@isealalliance.org	The International Social and Environmental Accreditation and Labelling (ISEAL) Alliance seeks to define and codify best practice for the design and implementation of social and environmental standards systems. The ISEAL Alliance is an open membership association for international social and environmental standard-setting and conformity assessment organisations that seek to meet objective criteria for credible operating practices. ISEAL member organisations are committed to implementing programs that comply with internationally-accepted criteria; that do not act as technical barriers to trade; and that focus on best social and environmental production practices. ISEAL also undertakes capacity building and conducts research.
Leuven Centre for Global Governance	http://ghumweb2.ghum.kuleuven.ac.be/ggs/index.html	The Leuven Centre for Global Governance Studies is an interdisciplinary research centre of the Humanities and Social Sciences. It carries out and supports interdisciplinary research on topics related to globalization, governance processes and multilateralism. One of its particular focus is on trade and sustainable development.
Pesticides Initiative Programme (PIP)	Morag Webb Capacity Building Officer and Policy Analyst http://www.coleacp.org	PIP is publishing a survey of ACP exporter compliance, in particular with commercial standards. A total of 102 companies have been interviewed, across 10 ACP countries. More information available at:the PiP website: http://www.coleacp.org/FO_Internet/pip/Default.asp?ai_Language=1
Trade Standards Practitioners Network	TSPNsecretariat@gtz.de	The mission of the Trade Standards Practitioners Network (TSPN) is to improve the effectiveness of initiatives that support developing country capacity and participation in the implementation of trade-related social, environment and sanitary/phytosanitary standards and related measures through information sharing, policy research and capacity building. In doing so, the TSPN seeks to foster more sustainable, competitive, and equitable developing country supply chains by improving their ability to respond to different commercial, safety, social and environmental requirements. Funding for TSPN has been provided by the World Bank's Development Grant Council to enable the creation of a Secretariat for the Trade Standards Practitioners Network. The Secretariat will be hosted by GTZ. The Trade Standards Practitioners Network website contains information on standards-related projects, as well as on standards schemes on different issues and products (in English): http://www.tradestandards.org .
