### 1.2 Main Developments of the Committee during the Current Period

The Committee held its twelfth, thirteenth, fourteenth and fifteenth meetings on 27 March, 1 July, 15 September and 20 November 1998 (G/TBT/M/11-14) respectively. At those meetings, the Committee heard statements on the implementation and administration of the Agreement, technical assistance, and observer status. A number of Members informed the Committee of measures taken to ensure the implementation and administration of the Agreement. Several measures were brought to the attention of the Committee by Members who raised concerns about the potential adverse trade effects or inconsistency with the Agreement of those measures.

At its meeting in March, the Committee carried out its Third Annual Review of the Implementation and Operation of the Agreement under Article 15.3 (G/TBT/6) and of the Code of Good Practice for the Preparation, Adoption and Application of Standards, Annex 3 of the Agreement (G/TBT/CS/1/Add.2, G/TBT/CS/2/Rev.4 and WTO TBT Standards Code Directory – third addition). It started its programme of work arising from the First Triennial Review of the Operation and Implementation of the Agreement under Article 15.4.

At its meetings in July, September and November, the Committee continued its work programme arising from the Triennial Review. At those meetings, delegations presented their papers and proposals, and discussions were held under different elements of the Triennial Review (G/TBT/5). Relevant submissions by delegations and Secretariat papers are contained in documents G/TBT/W/60-61, 63-64, 70-72, 74 and Add.1, 75-76 and Add.1, 79-88, 92-93 and 99.

<sup>3</sup>Observer status on an ad hoc basis.

On 14 September, a Workshop and a Special Meeting on Procedures for Information Exchange were held. There was a good turn out of representatives from capitals of developing and least developed countries as a result of the WTO Dutch Funds financing their participation. At the Workshop, the transparency provisions of the Agreement were laid out and several national and regional experiences concerning enquiry points and notification procedures presented. A number of speakers addressed the importance of disseminating standard information to industry. At the Meeting, delegations addressed the specific difficulties and problems faced by national enquiry points and with respect to notification procedures. Proposals and suggestions were made in this respect, including those related to ways to enhance electronic exchange and possible relevant technical assistance. It was agreed that a survey on national enquiry points would be conducted to determine what steps needed to be taken to facilitate the electronic transmission of documents between Members. The survey would also facilitate efforts to better target technical assistance and training.

At its meeting in November, the Committee adopted its Report (1998) to the Council for Trade in Goods (G/L/278), and held discussions on trade facilitation related to the TBT Agreement. It was agreed that the Chairman, on behalf of the Committee would submit a note to the Chairman of the Council for Trade In Goods in this regard. At the meeting, the Committee also held discussions on the proposals concerning notifications and information exchange arising from the special Meeting held on 14 September (G/TBT/W/89-90 and 100).

On 19 November, a special Information Sessions of Bodies Involved in the Preparation of International Standards was held. Ten organizations were invited (FAO, FAO/WHO Codex, IEC, ISO, OIE, OIML, ITU, OECD, UN/ECE and WHO). The objectives of the Information Session was to increase the awareness of Members of the activities of these organizations, to have them take account of the ongoing discussions on international standards in the Committee, and to develop an improved understanding of the role of international standards within the Agreement. The Secretariat was requested to prepare a synthesis paper compiling the information provided by the organizations. It was agreed that a similar Information Session on Conformity Assessment Procedures would be held in 1999.

3.1.2 Observation of the Recommended Comment Period by Members in the current year<sup>12</sup>

The Committee has recommended 60 days as a minimum length of time to be allowed for the presentation of comments from other Members (G/TBT/1/Rev.5). In 1998, Members allowed an average of 47.2 calendar days for comments, the comment period had lapsed for 14 notifications, and the number of notifications that did not specify a comment period was 93. The table on the following pages gives the relevant data on the observation of the recommended comment period by each Member in 1998.

---

<sup>11</sup>The following classification of objectives and rationales is based on the criteria laid down in document G/TBT/W/18.

<sup>12</sup>Calculated on the basis that the date of issue of the notification (in English) by the WTO Secretariat is the first day.
