

# WORLD TRADE ORGANIZATION

RESTRICTED

G/TBT/M/51/Corr.1\*  
29 October 2010

(10-5715)

---

Committee on Technical Barriers to Trade

## MINUTES OF THE MEETING OF 23-24 JUNE 2010

Chairman: Mr. Amit Yadav (India)

Note by the Secretariat<sup>1</sup>

Corrigendum

Paragraph 129 of the document G/TBT/M/51 should be replaced with (change in **bold**):

129. The representative of India explained that the process was on-going and that no decision had been taken yet about deleting specific products. Secondly, he explained that the **Bureau of Indian Standards (BIS) reviewed standards on a regular basis and international standards were normally benchmarked**. However, he noted that the end use of galvanized steel was mostly in the rural areas where public health and safety were an important issue, and thus justified a specific standard. He added that in the standard setting process India did benchmark against international standards.
