

WORLD TRADE ORGANIZATION

RESTRICTED

TN/CTD/M/10/Corr.1¹

21 February 2003

(03-1108)

**Committee on Trade and Development
Tenth Special Session**

NOTE ON THE MEETING OF 6 NOVEMBER 2002

Chairman: H.E. Mr. Ransford Smith (Jamaica)

Corrigendum

Paragraph 7 on page 3 of TN/CTD/M/10 should read as follows:

"The representative of Argentina said that his delegation was interested in ensuring that developing countries could benefit from technical assistance in the context of the SPS Agreement. In that connection his delegation was proposing, as a preliminary idea to make S&D treatment operational, that the formal request for technical assistance by a developing country Member be the beginning of a process to determine the level of technical assistance. His delegation did not share the view that S&D treatment in one Agreement was different from S&D treatment in other Agreements, and considered S&D treatment to be hierarchically the same in all WTO Agreements. He appreciated the comments made by the representative of the European Communities concerning the question of equivalence as that could help exporting developing countries to solve some of the problems they faced."
